NEW BREAK IN CABINET

Lord Curzon Slated
to Resign.

Finda Himself at Odds with
the Government on Issue
of Conscription.

Two Additional Members are
Also Booked to Retire to
Private Life.

Optimism in London as to the
Dardanelles with Monro
in Command.

BY ARTHUR S. DRAPER.
[BY ATLANTIC CABLE AND A. P.]

LONDON, Oct. 19.—From the same
source from which the infor-
mation came that Sir Edward Carson
would resign I learn today that
another resignation may be expected
within a few days. Lord Curzon, it
is understood, has decided to leave
the Cabinet next Monday. Always strong
conscriptionist, he is entirely at odds
with the present stand of the govern-
ment. At least two other ministers
will probably retire shortly.

It can be stated definitely that both
the conscriptionists and the anti-
conscriptionists have agreed to give
a fair trial to Lord Derby's efforts
to recruit 20,000 men a week for
the next month and a half. At the
end of this trial a complete
reorganization is certain unless Lord
Derby's efforts are successful.

CENTER ALL HOPE
ON GEN. MONRO.

[BY ATLANTIC CABLE AND A. P.]
LONDON, Oct. 19.—Owing to the
illness of Premier Asquith and the
delicate negotiations which are
proceeding between the allies, en-
lightenment which today's meeting of
the House of Commons was expected
to throw on the Balkan operations,
over which Sir Edward Carson is be-
lieved to have resigned from the Cab-
inet, and on the substitution of Maj.
Gen. Sir Ian Hamilton for Lord Der-
by to command in the Dardanelles, was
not forthcoming.

There were more than a hundred
questions in the House on the orders
of the day, dealing chiefly with war
and the Dardanelles, and the method
of raising necessary men for the
service and the conscription. The
answers were few and far between.
The information which the public
was anxiously awaiting supplied.

It is generally agreed, however, that
for the moment at least, the contro-
versy over recruiting has been silenced,
for the conscriptionists, or a major-
ity of them, have decided to give
Lord Derby's new scheme a fair trial,
and assist him in any way to get the
men to increase the size and fill the
gaps in the army. It is understood
that the volunteer system is receiving
its last trial, and despite the op-
position throughout the country, those
favoring national service for all will
endeavor to force its adoption, should
Lord Derby fail in his efforts.

So far as the Dardanelles and the
Balkans are concerned, a good deal
of the pessimism which reigned a
week ago has disappeared. It is be-
lieved that instead of any existing
of abandoning the attempt to open
the straits and sea route to Constan-
tinople, the appointment of Gen.
Monro as commander in chief, and
that when the right moment comes
the Italian navy, if not the
Italian troops, will be the forces on
Gallipoli have not been weakened for
the Balkan campaign, and while the
task is difficult, the majority of the
public are confident that ultimately it
will be accomplished.

In the Balkans the Austro-German
and Bulgarian armies continue to
claim progress against the Serbians,
but except in the north, where the
Serbs are being forced back into the
mountains, the various reports do not
go far toward clarifying the situation.

The Bulgarians have cut the rail-
way between Uscup and Nish, so it
is likely that except in the extreme
south, where they have the support
of the Anglo-French troops landed at
Salonika, the Serbs are falling back
to stronger natural positions. Istip
and Kutchana, it is said, have al-
ready been evacuated.

Italy, which, singularly enough, is
not technically at peace with Ger-
many, has declared war on Bulgaria
and Russia is expected to follow her
example almost immediately. When
this formality is completed, it is pos-
sible that the action which Italy and
Russia intend to take in the Balkans
will be defined.

The allies also have made a new
diplomatic move with respect to
Greece, the British and Russian min-
isters having delivered a note to
Athens, explaining that the allies do
not agree with the Greek government's
interpretation of the Greece-Serbian
treaty, and notifying Premier Zaimis
of their intention to land more troops
at Salonika. It is not expected, how-
ever, that anything but allied success
will have any influence with Greece,
for that matter, with Rumania,
Russia is trying for in Galicia,
Italy and Volynia, where Gen. Ivanoff
has been of aid to refugees from Sonora,
Mexico.

MYSTERIOUS MEETING OF BRITISH CABINET

SETS NATION TALKING.

[BY ATLANTIC CABLE AND A. P.] (30)

LONDON, Oct. 20.—A committee of the Cabinet, known as the
War Committee, met Tuesday afternoon and was joined by
Alexandre Millerand, French Minister of War, Paul Cambon, French
Ambassador to Great Britain, and M. Millerand's secretary. The com-
mittee sat for an hour and a half after which another Cabinet council
was held at the House of Commons. Nothing was made public re-
garding the circumstances calling for two Cabinet meetings in the same
day as well as the conference of the War Committee with the French
War Minister, but it may be assumed that they had to do with the
development of the military situation in the near east.

Nothing has been done about appointing a successor to Sir
Edward Carson, who has resigned as Attorney-General, and nothing
is expected to be settled this week, or while Premier Asquith is
absent from the House of Commons through illness. The Premier's
illness does not appear to be serious and when a doctor visited him
late Tuesday night he found the patient better. Mr. Asquith prob-
ably will be absent from his duties for the rest of the week.

Sir Edward Carson will make no statement regarding the rea-
sons for his resignation. It is understood he wished it to be a mark
of disapproval of what he considers the government's lack of vigor
and resolution in dealing with the problems before it and did not
resign on account of any sharp disagreement with his colleagues on
any specific question.

The expression of resentment at the secrecy which the govern-
ment is imposing on the nation grows daily. Among these com-
plaining in the press are: Lord Charles Beresford, Sir Edwin Corn-
wall, Anson Bryce and Sir Leo Chiozza Money. They mostly argue
that the secrecy has been carried to useless extremes, even concern-
ing matters well known to the enemy, and that until the nation knows
exactly how the military situation stands, there is little chance of
effective recruiting.

Sir Leo Chiozza Money in a published letter charges the govern-
ment with gambling with the safety of the country. He asserts
that it has been carefully concealed from the country that recruiting
has been for some time dead and that the army has been dwindling
because the new enlistments have not been sufficient to compensate
for the losses by casualties and disease.

Anson Bryce declares that the country is being ruined by secrecy,
and that unless the people know the real position they cannot be ex-
pected to put their backs into the work.

Among a large section of the members of Parliament the con-
viction is expressed that the government, even before Lord Derby's
scheme for voluntary enlistment is tested, ought to prepare a bill on
compulsory lines so as to be ready in the event of Lord Derby's plan
failing to provide the necessary recruits.

Sweeping.

GERMANS ROUND UP SPIES, TIGHTEN GRIP ON BELGIUM.

[BY ATLANTIC CABLE AND A. P.] (30)

LONDON, Oct. 20 (2:50 a.m.)—Recently there has been a sweep-
ing round-up of spies and suspects of various kinds by the
German authorities in Belgium, according to messages from the Dutch
frontier. It is said there have been hundreds of arrests and scores
of executions. The round-up followed the beginning of the Anglo-
French activity on the western front.

Gen. Von Bissing issued a long proclamation containing refer-
ences to "attempts by Belgians to endanger the safety of the German
army," and threatening penalties of the utmost severity against any
person detected committing offense against the specially devised code
of regulations for the conduct of civilians.

Immediately after this proclamation came a series of wholesale
arrests in various parts of the country, including many persons of
high social standing, who were accused either of espionage or assist-
ing in the escape of Belgian, French or English persons. There fol-
lowed also, it is said, numerous military trials for the arrest of civilians,
the result of which is known in only a few cases.

Virtually no details of the execution of Miss Edith Cavell, the
Englishwoman who had been head of a training school in Brussels,
who was charged with harboring English, French and Belgians, and
assisting them to escape from Belgium, and of other civilians, have
reached the frontier. It is said that the Spanish Ambassador at
Brussels vainly endeavored to intervene in Miss Cavell's behalf.

The brief official proclamation announcing the execution of Miss
Cavell gives the names of four other persons who were sentenced to
death, all of them Belgians. They were Phillip Baucq, an architect;
Louise Thulier, a school teacher; Louis Severin, a chemist, and the
Countess Johanna de Belleville. The proclamation also gives the
names of twenty-three persons who were sentenced to varying terms
of imprisonment, including a ten-year term for the popular Princess
Maria de Croy of Belginnies, who comes from one of the highest
families of Belgian aristocracy.

According to advices to the Dutch newspaper, there have been
additional executions and imprisonments in almost every important
town in Belgium, including five executions at Bruges and the impris-
onment of ninety-four workmen at Lesse for "insubordination."

BRITISH TRADE OFFICERS CLASH.

ANOTHER ARREST IN MURDER CASE.

Ben Duncan, a brother of
Harry Duncan, wanted for the
murder of Police-Sergeant Toolen
early yesterday morning when the
officer attempted to arrest him at
his home, was arrested early this
morning as he entered his home at
No. 459 Eagle Rock avenue.

The prisoner, according to Pa-
trolman Needham, who made the
arrest, entered his home at about
3:30 a.m. and refused to tell the
policeman where he had been dur-
ing the night. He is believed, ac-
cording to Police-Lieutenant Dave
Adams in command of East Side
Police Station, to have been visit-
ing his brother whom the police
declare is hidden in the city.

Ben Duncan was arrested at
his home early yesterday but re-
leased after an investigation. He
left the house at once and was not
seen again until this morning when
Patrolman Needham discovered
him entering his home. He is held
on suspicion and will be investi-
gated later today.

Just following the arrest of Ben
Duncan, the police of Boyle
Heights Station, telephoned the
Central Station that they had sur-
rounded a house on Houston
street where friends of the Dun-
cans are known to live and into
which the police declare a very
suspicious man entered about 3
o'clock this morning. The police
are going to wait until daylight
before they enter the house to in-
vestigate. They refuse to give out
the number of the house.

Optimistic.

ADMITTS GERMANS ON DEFENSIVE.

MAJ. MORHAUT REVIEWS WAR IN
FRANCE AND RUSSIA.

Says, However, the Teutons will
Shake Hands with Their Friends
in Serbia, Where the Campaign is
Fast Advancing the Fatherland
Toward Final Victory.

[BY WIRELESS AND A. P.]
BERLIN, Oct. 19 (via Tuckerton,
N. J.)—Reviewing the military situ-
ation in the Berliner Tageblatt, Maj.
Morahut, the military critic, notes that
while Germany is now really on the
defensive in France and Russia, she
is attacking in Serbia, where she will
"shake hands with all of her friends
and probably be opposed by the
armies of her enemies."

Reviewing the article, the Overseas
News Agency says:
"The Serbian attack serves the cen-
tral powers politically and is advanc-
ing them toward final victory. Maj.
Morahut says, while the French and
British offensive was undertaken with
enormous forces in mere fury and
hatred, while the efforts of Russia
are only designed to regain for her
territory which she has lost."

"The discussion between the En-
teente nations regarding their respec-
tive participation in the Balkan cam-
paign is still uncompleted. Maj. Mo-
raht points out, and regarding such
participation he says that France is
unable to spare troops from her home
front, while her colonial troops are
not suitable for service in a Serbian
winter campaign. Great Britain's
shaken forces from the Dardanelles
would not be able to cope in battle
with the victorious German and Aus-
tro-Hungarian forces, he adds, while
Bulgarian troops, he adds, while Italy
wishes to make her own war, saving
her soldiers and her gold."

COUNT LOUDON INDICTED AGAIN.

NEW YORK GRAND JURY FINDS
ANOTHER BILL ON CHARGE
OF BIGAMY.

[BY A. P. NIGHT WIRE]
NEW YORK, Oct. 19.—A second
indictment, charging Count Max Ly-
ndon with bigamy, was returned by
a grand jury today. He is charged
with having married Florence Lella
Allendorf under the name of Albert
Marcel, Count de Pansy on August
29, 1914, and that he then had two
wives, Miss Minnie Wendt of Pough-
keepsie, and Miss Rose O'Brien of Al-
bion, living.

It is possible that a request will
be made to raise his bail from \$10,000
to \$25,000.

Loudon's second indictment resulted
from the declaration of Joseph A.
Baker, assistant division superintendent
of the Department of Justice, that
the prisoner had confessed his mar-
riage to Miss Allendorf. The cere-
mony was performed by James Smith,
an alderman, who today identified
Loudon as "Marcel."

Baker warned Loudon today that if
he failed to appear for trial, he would
be taken into custody and his wife
would be not forthcoming soon the
Federal government would institute ac-
tion against him. Loudon insisted
that he was making every effort to
obtain the passport but that he could
not locate his secretary. Thus far,
only State charges have been lodged
against him.

HUGE VOTE AGAINST IT

Home State Vetoes
the President.

Wilson's Plea and Ballot
Fail to Win Success for
Feminine Cause.

Proposition Fails to Carry by
Majority of Nearly Sixty
Thousand.

Attitude of the "Commuters"
Held Responsible for Un-
expected Result.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]
NEW YORK BUREAU OF THE
TIMES, Oct. 19.—Suffrage was
decisively defeated in New Jer-
sey today by an estimated majority
of between 60,000 and 65,000. At 10
o'clock tonight, with only a third
of the returns in, Mrs. E. F. Felckert,
president of the New Jersey Associa-
tion for Woman Suffrage, acknowl-
edged that the party had lost.

Throughout the State, the vote was
heavy, and fairly even in its results.
Large cities, suburban towns and rural
districts rendered returns in favor of
the anti, in the average proportion of
two to two and a half.

CARRY ONE COUNTY.
One county alone, Ocean, gave a
majority to equal franchise of about
200. The large cities of the State,
Jersey City, Hoboken, Newark, Paterson,
Trenton, Elizabeth and Camden, all
opposed the amendment.

Late returns indicate that the anti-
cultural counties, Hunterdon, Glou-
cester, Salem, Sussex, Burlington
and Cumberland, will all return sub-
stantial majorities in favor of the
anti.

The counties in which commuters
have their homes, counted on by the
suffragists for a substantial majority,
Essex, Union, Somerset, Bergen, Passaic
and Morris, have all gone against the
cause. In Bergen the vote has
been close and it is probable that,
contingent the returns from Hackensack,
suffrage would have won here.

Not only did these commuters
counties reject the amendment, but
of the towns in them which had been
regarded as positively supporting suf-
frage, few failed to give the anti a
large majority.

Clatsop, Verona, Essex Falls and
other exclusive communities in Essex
county voted against the cause. Glen
Ridge went for equal franchise by
the margin of seven votes. Summit
defeated votes for women by two to
one. Orange, regarded as certainly
pro-suffrage, turned down the amend-
ment. The vote in East Orange was
practically even.

Beaten back by citizens, villagers
and farmers throughout the State,
suffrage found support alone from the
fisherfolk of Ocean county.

POOR ORGANIZATION.

The story of the amendment's defeat
is the story of a badly organized effort
against well-oiled political machines,
of well-meant enthusiasm, against
perfect organization. In spite of the
fact that the suffragists had a large
little bitterness evoked, and only a
few implications of fraud. These
last all sprang from Essex county,
where Jim Nugent, the Democratic
boss, was determined that the amend-
ment should be defeated, and used
every resource of political will to carry
through his desire.

Accusations of fraud have already
been advanced by the suffragists of Es-
sex through their leader, Mrs. Mina
C. Van Winkle against the opposing
cause. In Newark alone throughout
the State, as far as could be
learned tonight, watchers of the polls
were so much annoyed by remarks of
bystanders that it was necessary to
appeal to the police for protection.
Numerous cases of electioneering at
the polls were also reported.

Throughout the State, lack of suf-
frage watchers pointed out the de-
fects in the loosely hung suffrage ma-
chine. There were not enough women
or men of the party at many of the
polling places to allow the watchers a
chance for rest or meals. Many women
and girls stood the long hours be-
tween 6 in the morning and 7 at
night without relief. At other places,
no suffrage watchers were present at
all.

In Princeton it appeared that suf-
frage would lose in spite of the pres-
ence of the President.

WOMEN TO CONTINUE FIGHT.

[BY A. P. NIGHT WIRE]
JERSEY CITY, N. J., Oct. 19.—
The defeat of woman suffrage in New
Jersey was conceded at 10:20 o'clock
tonight by Mrs. E. F. Felckert, pres-
ident of the New Jersey State Woman
Suffrage Association. Her admission
was borne out by unofficial early re-
turns from every section of the State,
which indicated that the majority
against suffrage was decisive.

Although defeated, the suffrage
workers have not given up the fight.
Conceding with admission of defeat, Mrs.
Felckert embodied a promise of a
determined fight next spring.

"Although we have been lost the
election in this State for woman
suffrage," she said, "this will not end
the fight in New Jersey."

"We feel much encouraged by the
great number of votes received and
this will impel us to continue the bat-
tle."

URGES THE KING
TO LEAD TROOPS.Beresford Thinks Parliament
Should be Dissolved.Lord Derby Calls on the Men
of London to Enlist.Still Has Hopes for Volunteer
Recruit System.

(BY ATLANTIC CABLE AND A. P.)

LONDON, Oct. 19.—Sergeant Robert Beresford, a former army officer and a brother of Lord Derby, in addressing a street meeting in London today, suggested that King George dissolve Parliament forthwith and assume command of the armies in the field. His suggestion was put in the form of a resolution which was adopted by the meeting.

Lord Derby, whom the government has entrusted with the task of solving the recruiting problem, in addressing a mass meeting at the Mansion House this afternoon gave the gist of the plan by which he hopes to meet the situation.

"I suggest," he said, "that every man who recognizes that the state has a right to call on his services for her protection should enlist at once. All those physically fit and wishing to join the colors at once could do so, but the remainder consisting of those usual vocations, subject to call when needed."

Unmarried and married men, Lord Derby explained, would be put into separate groups, and the bachelors called first. Married men would be called later, according to age. By such a system, he pointed out, there would be no sudden, unmanageable number of recruits, but a steady supply as needed.

Some one had asked him, he said, why recruiting was an urgent necessity, to which he replied:

"Look at the map. Lord Derby said that a fortnight would be allowed men called to adjust their private affairs. He hoped that with a proper response it would be possible to call the older married men; in any event these older men would be so far as practicable placed in the medical and transport units.

"This is an honest attempt," declared Lord Derby, "to give every man a chance to do his duty in the last resort in behalf of voluntary service. I believe that the voluntary system can be made an unqualified success, but there is no time to lose."

"The chimney of our Maubeuge works has been destroyed by a Zeppelin crashing into it. All the occupants of the Zeppelin were killed."

(BY ATLANTIC CABLE AND A. P.)

BERLIN, Oct. 19 (via London 4:14 p.m.).—The Austrian army, which is invading Serbia over the Save front along the northwestern border, apparently has its movement well under way, after meeting with determined opposition from the Serbians. Army headquarters today announced the capture of Obrenovats, South of Belgrade on the Danube front, the Austrians have made a further advance. The troops of Gen. Von Gallwitz have occupied several points of strategic importance.

The War Office also announced that the Bulgarian army of invasion had captured the Serbian town of Vranje on the railway between Saloniki and Nish.

The text of the statement follows: "Eastern theater: Army of Field Marshal von Hindenburg South of Riga our troops destroyed several Russian positions and reached Duona, a point of the valley of the Dnieper. 240 men were taken prisoners and two machine guns were captured. A Russian attack northwest of Jacobstadt was repulsed. In the region of Smolensk, a French biplane which was piloted by a Russian captain and equipped with a

GERMANS ARE REPULSED
TO THE EAST OF RHEIMS.

(BY ATLANTIC CABLE AND A. P.)

PARIS, Oct. 19.—The following official communication was issued by the War Office tonight:

"To the east of Rheims the enemy attempted an attack with strong forces this morning on a front of ten kilometers (approximately 6.2 miles) between Laon and Proseigne, which ended in a complete check. This attack had been most carefully prepared, it being preceded by a prolonged bombardment by the artillery, with the employment of suffocating shells and banks of chlorine gas.

The enemy infantry succeeded at first in penetrating some parts of our trench of the first line, but was almost completely driven out by immediate counter-attacks.

"In the afternoon an energetic counter-offensive resulted in the expulsion of the last enemy troops, who were thus entirely thrown back into

the trenches which they had left. The German infantry suffered heavy losses.

"On the rest of the front there were artillery engagements. These were particularly violent in Artois, in the sector of Loos, to the north of the Aisne line, on the plateau of Novron, between the Meuse and the Moselle, in the forest of Apremont and in Lorraine, to the south of Metz.

In the Vosges we exploded two camouflets (small mines), which shattered enemy mine works."

The Belgian official communication reads:

"After having taken last evening, as the result of a violent bombardment, a post established on the east bank of the Yser-Ypres Canal, the Germans were driven out that night by our troops."

"There has been an intermittent bombardment at various points along our front, in the neighborhood of Oostkerke, Nieuwkerke and the ferryman's house."

"Southeastern theater: The attacks of the allied armies yesterday progressed everywhere. The Macva region for its greater part is in our possession.

"Austro-Hungarian troops who had been sent over both sides of the mouth of the Kolubara River at mid-night captured the town of Obrenovats and the heights southeast of

WILSON FIRST PRESIDENT
TO VOTE FOR 'SUFFRAGE.'Chief Executive is Uproariously Greeted by Princeton
Students, Casts His Ballot at the Fire-house, Refuses

Grocer's Wagon While Crossing the Street.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Oct. 19.—President Wilson returned to Washington tonight from Princeton after casting the first ballot ever given by a Chief Executive of the United States in favor of woman suffrage.

The President's brief visit to his legal residence was marked by a more enthusiastic welcome from the Princeton students than ever before had been given him on any of his numerous trips since he entered the White House. Cheering, singing, whistling and marching in class formation, they greeted the former head of their university uproariously.

Woman suffrage was not much in evidence during the President's visit and only two approached him to thank him for voting for their cause. "No," he said, "this is too serious a matter to make a spectacle of."

The President put in a hard day's work going to and coming from Princeton. He spent several hours on the train with his stenographer dictating answers to letters. He also wrote on the note to Great Britain regarding interference with American trade.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

CHICAGO BUREAU OF THE TIMES, Oct. 19.—"I killed more Americans in the late insurrection than any other man in this province."

This was the "political platform" on which the native Governor of a certain province in the Philippine Islands was elected by a large majority, according to Congressman Fred A. Mitchell, a Congressman from the speaker at a meeting of the Perfumery and Extract Makers' Association.

He and Mrs. Britton were guests of this Governor during their recent tour of the Philippines, the Congressman related.

"You gentlemen who are opposed to a continuance of the war are doomed to disappointment," said Congressman Mitchell. "Many articles not now taxed will be included in the bill when revised by the next Congress."

(BY A. P. NIGHT WIRE.)

SCHENECTADY (N. Y.) Oct. 19.—Neither the General Electric Company nor its 13,000 striking employees made any move today in the eight-hour dispute, which is now in its third week. According to the announcement of the company all employees who are not in the shops at 7 o'clock tomorrow morning cease their connection with the company, which means loss of standing for pensions and necessity for physical examination before re-employment.

All but the main gate will be closed in the morning and the unions will have about 1600 pickets on duty. Pickets will be on duty from 7 o'clock to 7 o'clock. The union leaders will report for strike duty. The union leaders will report for strike duty.

WEDNESDAY MORNING.
Catastrophe.
FIFTEEN DEAD IN EXPLOSION
Five Hundred Pounds of Gunpowder is Ignited.
Eight Seriously Injured at Butte (Mont.) Mine.
Cause of Disaster has not Yet been Determined.
[BY A. P. NIGHT WIRE.]
BUTTE (Mont.), Oct. 19.—Fifteen men were killed, and possibly more, at the Granite Mountain mine of the North Butte Mining Company at 12 o'clock today by an explosion of 500 pounds of gunpowder. Eight others were seriously injured. One of them, Fred Bray, a ship boss, will die.
Nearly all the bodies have been recovered, but identification has been only partial in several instances because of the mangled condition of the remains.
THE DEAD.
WILLIAM BENTON, electrician.
WILLIAM BUTCHER.
JAMES POWERS.
JAMES A. BLOW, assistant foreman.
J. D. LEAHY, nipper.
GEORGE LARKIN, nipper.
JOHN WATSON, nipper.
JOHN WINSTON, shift boss.
LACEY GRISHAM, shift boss.
ERNEST WATSON, shift boss.
R. I. WATSON, sampler.
RICHARD GENDLE, electrician.
EDWARD CARLSON, top carman.
PADDY MORRISSEY, shift boss.
THE INJURED.
Peter H. Brown, carpenter.
Edward Bray, shift boss.
William Valentine, carpenter.
Philip Blanchett, miner.
A. K. Brown, painter.
CAUSE NOT DETERMINED.
The cause of the explosion has not been determined.
Three men were engaged in this afternoon in lowering powder in the 2800-foot level. One car containing about 500 pounds of giant powder was at the collar of the shaft when it exploded, after which a number of houses and miners were killed.
Five of the men were taken to the "doghouse," a small room in the shaft, when the explosion occurred.
John Darrow, the only one of the three top men to survive the explosion, left the car to get a tin of 100 feet back from the shaft. He was thrown to the ground by the explosion, but was not badly hurt.
SWEETENED AWAY STRUCTURE.
The blast swept away the structure in which the men were waiting at the shaft, together with the air shaft, beside the steel frame. Two painters were at work on this air shaft at the time of the explosion. Neither was killed, but both were injured, one sustaining a broken leg. Many of the bodies were in fragments.
John D. Pope, general manager of the North Butte Mining Company, said that he had no theory as to the cause of the explosion.
To the best of his knowledge, said Mr. Pope, "no one was at the collar of the shaft when it exploded. Two men between ten and twenty feet from the shaft when it exploded. If there were ten men there, it means that there were 500 pounds of giant."

Programme for the Next Five Years.
Thousand Men will be Added to the Navy.
[BY A. P. NIGHT WIRE.]
WASHINGTON, Oct. 19.—Official programme for the Navy's part in the appropriation of \$250,000 for the purchase and repair of ships of the naval militia of Illinois and Minnesota. I have in prospect the larger utilization of the older class of battleships for the naval militia organizations of the States on the seacoast. I have also recommended an increase in the appropriation for the naval militia as a whole of \$60,737,350. The naval militia has made great strides this year. The increase in the marine is based on a 20 per cent. of increase of enlisted men of the navy, and is required to provide for the usual marine complement of ships under construction, as well as for advance base organizations for operations with the fleet.
The European war has shown the necessity for a swift flying corps, whose members need not be experienced naval officers or educated as such. In view of this a special flying corps, to which expert civilian flyers may be appointed, has been recommended for the naval organization. This would establish a field for service for the increasing number of competent aviators willing to join such an arm of the service, who cannot and would not hope under prevailing conditions, to do so unless they either enlisted in the navy proper or graduated from the Naval Academy.

A BUSY DAY FOR WILSON.
WILL RECEIVE BEARERS OF GOLD FOR WEDDING RING.
Petition Signed by 300,000 Women and Children will be Presented Today Asking President to Come to the Pacific Coast on His Wedding Trip.
[BY DIRECT WIRE.—EXCLUSIVE DISPATCH.]
WASHINGTON BUREAU OF THE TIMES, Oct. 19.—Arrangements will be made tomorrow for the President to receive at the White House the bearers of the gold for Mrs. Galt's wedding ring, the orange blossoms to be worn by her on her wedding day; an invitation for the President and Mrs. Galt to go to California on their wedding journey, and a petition signed by 300,000 women and children backing up and strengthening the invitation.
Mrs. Galt's Stoney of California arrived at the New Willard this afternoon accompanied by three California girls, Miss Esther Bull, Miss Dorothy Starr and Miss Altha McQueeney. Each has a part to take in the White House ceremony. As director and secretary of the woman's board of the San Francisco exposition, Mrs. Galt will bear the petition, which is the strongest invitation ever sent to a President, and which has been signed by many women and the school children of the exposition city.
The youngest member of the party, Altha McQueeney, 11 years old, won prize for the best-wedding invitation to President Wilson to come to California on his wedding journey. In company with her, and other school children, and will present the petition to the President.
Miss Bull will present an orange blossom, which, with the gold for the wedding ring to be presented by Miss Starr from the Empire mine, the oldest gold mine in California, represents the sentiment of the California people in reference to the President's marriage to Mrs. Galt. The orange blossoms have been brought from the mother orange trees of California from which sprang the great orchards all over the State, and have been packed with such care that they may be worn at any time within the next few weeks. No hour has yet been arranged for the presentations, but Mrs. Galt will probably be received tomorrow.
Mrs. Galt spent some time today in answering notes, seeing dressmakers and importers, and in driving about the city in her modest little electric runabout.
Miss Margaret Wilson will reach the White House Thursday afternoon, according to information received here today. The President's sister, Mrs. Anna Howe, and her daughter, Mrs. Catharine, and the latter's small daughter, Josephine, are expected to be at the White House as guests at the time of the President's marriage.
MORE GERMANS BREAK PAROLE.
THREE OFFICERS OF THE PRINZ FRIEDRICH ARE MISSING AT NORFOLK.
[BY A. P. NIGHT WIRE.]
WASHINGTON, Oct. 19.—Breaking of leave by three officers of the crew of the interned German auxiliary cruiser Prinz Eitel Friedrich was repudiated by the Navy Department today by Rear-Admiral Beatty, commandant of the Norfolk navy yard. The officers, Lieut. Koch and Dr. Kruger and the ship's surgeon, were due back aboard their ship today and when they failed to appear yesterday the admiral's captain notified Admiral Beatty.
The Chief of Police of Norfolk and nearby cities have been asked to arrest the missing men.
These officers were granted shore liberty before the issuance of an order last week that all members of the crew of the Prinz Eitel Friedrich and Kronprinz Wilhelm should be kept aboard their ships at the navy yard until the absence of six sailors from the latter vessel was accounted for. The sailors obtained leave for a sail on a pleasure boat they had purchased, and are believed now to be making their way down the Atlantic Coast.

[BY DIRECT WIRE.—EXCLUSIVE DISPATCH.]
BALTIMORE, Oct. 19.—Mrs. Norman Galt, the next mistress of the White House, is an economical woman. She is not spending a fortune upon her trousseau, in fact, not so much as a woman of her means would be expected to do by the ultra-fashionable set. Her going-away gown was very modest in price. Some of her evening gowns will be expensive, but not extravagant for one in her social position. A crowd of curious women of all classes of society today hung about the fashionable shops to see the President's fiancée, who, with Miss Bones, it had been announced, would come over from Washington for a day's shopping, but they disappointed the crowd.
The fondness of Mrs. Galt for the orchids which President Wilson sends her every day is reflected in an exquisite evening frock, the latest contribution of Baltimore couturiers to her trousseau. The gown is a delicate confection of orchid-colored tulle, draped over an undergarment of simple orchid-colored silk. It depends for its charm entirely upon its wonderful shade and upon the lines of the filmy, bouffant draperies, which are trimmed with a band of blue fur across one shoulder. There is no sign of a sleeve drapery to the gown and it is cut low above the high grille of orchid-colored silk from which the tulle hangs full about the hips.
One of the most recent accessories in Mrs. Galt's trousseau is an evening cloak of turquoise blue velvet with a collar and cuffs of blue fur. Though the cloak hangs free of the figure from the shoulders, the fullness is slightly confined at the waist by a belt of turquoise blue velvet embroidered in metallic threads of oriental shades.
Mrs. Galt has purchased practically all of her hats in Baltimore. There is a small, black velvet turban trimmed with a band of beaver and a large hat of Bordeaux velvet with a shepherd's hirtin was purchased here to match an afternoon frock of the same shade. There is also a wide all-black hat, drooping slightly on one side and trimmed with a soft plume designed for wear with crepe georgette and tulle. Several other hats for afternoon and evening wear have also been purchased in Baltimore.

[BY A. P. NIGHT WIRE.]
PHILADELPHIA, Oct. 19.—President Wilson, while traveling to Princeton, announced that he had granted a pardon to Cameron Spear, sentenced to five years in the Atlanta penitentiary for unlawfully using the mails in connection with the Collins Wireless Telephone Company. There is alleged at the trial that \$1,000,000 of fraudulent stock was sold. He was convicted in the United States District Court at New York.
Spear already has served one year beyond his parole period and was represented to the President as wasting away in the penitentiary from disease.
TAGGART IS RELEASED.
Election Fraud Case Against the Indiana Boss is Dismissed by the Court.
[BY A. P. NIGHT WIRE.]
INDIANAPOLIS, Oct. 19.—The case against Thomas Taggart, Democratic national committeeman from Indiana, charged with election conspiracy, was dismissed by Special Judge W. H. Eichhorn in the Criminal Court today on the motion of Prosecutor A. J. Rucker.
The cases of the more than 100 other men who were indicted with Taggart and Mayor Joseph E. Bell were put over to December 1. Mayor Bell was acquitted by a jury last Wednesday after a trial lasting more than five weeks.
Prosecutor Rucker, in moving to dismiss the case against Taggart, stated that the testimony of witnesses affecting Taggart in the Bell case was much weaker than the testimony they gave before the grand jury. In view of this change of testimony, Rucker said he did not believe the evidence sufficient to convict Taggart.
When this motion was sustained by Judge Eichhorn, Prosecutor Rucker requested that the other election cases be postponed until December 1 to give his office time to clear up the criminal docket and to reorganize the election conspiracy case. This motion also was sustained by Judge Eichhorn.

PROGRAMME OF CONGRESS.
[BY DIRECT WIRE.—EXCLUSIVE DISPATCH.]
WASHINGTON BUREAU OF THE TIMES, Oct. 19.—The next session of Congress is to have a big legislative programme. Here it is:
National defense.
Embargo on shipments of munitions.
Government ownership of merchant marine.
Tariff or bond issue.
Rural credits.
Philippine independence.
Seamen's law and efforts to amend and repeal it.
Child labor.
Appropriations in general and revenue.
Closure in the Senate.
Prohibition and woman suffrage amendments.
Treaties, including the Colombian, Nicaraguan and Haitian.
Measures incidental to and connected with these general legislative bills, including changes in the statement of inspection laws to prevent such catastrophes as that of the Eastland at Chicago.
Politics will play an important part in the great discussions that are to come.
The Democrats will urge: Success of President Wilson's foreign policy in dealing with Germany and other European countries.
Settlement of Mexican situation.
Averting of financial disaster because of European war.
Returning general property.
Observance of neutrality and friendships with all peoples.
THE REPUBLICAN PLAN.
The Republicans will press: Failure of the Democratic tariff to produce necessary revenue as demonstrated by necessity for a bond issue.
Lack of adequate protection by the government for its citizens on the high seas and in Mexico.
Wasteful extravagance in appropriations for maintenance of the government.
Bad business conditions except in special industries.
Abandonment of public improvements.
Uncertain foreign and domestic policies.
These issues will give the Congressmen ample opportunity to spread their views through the Congressional records as preliminary to the political battle next year when a President and Congress is to be elected.

Mexico will enter into her long reconstruction period today, official advisers, received in this country yesterday by Adolfo Carrillo, Mexican ambassador, indicate that the recognition

the Carranza administration by the United States government has actually started the mechanism of a provisional government machine, a mechanism that has heretofore been nonexistent and hampered by lack of funds.

SENOR CARRILLO'S VIEWS.
The big question, that of recognition by the United States, is at last "settled," Senor Carrillo said yesterday. "The other questions, while important, will be comparatively unimportant."

According to dispatches I have received, the first step will be the removal of the seat of government from Vera Cruz to Mexico City. Gen. Carranza will direct all his energy towards purging Mexico of all revolutionists remaining. There will be no more of them left. The

here in the United States. The new Congress will be elected by ballot. When the Congress is held in Mexico City, Gen. Carranza will appear in person before its members and will explain in detail every act he has taken since he left

the capital of Coahuila, the Governor to defy the dictator. In other words, he will give meaning of his stewardship as First Chief of the Constitutional Congress will then call a

presidential election. Everybody expects Gen. Carranza to be elected as the first Constitutional president of the reconstructed republic if it is acceptable to Congress. Carranza will be elected for a term of six years, with the understanding that he will not be re-elected.

BROWNSVILLE (Tex.) Oct. 19.—Ten Mexicans were killed by peace officers here today because of their alleged complicity in last night's wrecking of a St. Louis, Brownsville and Mexico passenger train and the slaying of three Americans and the wounding of four others. Peace officers said tonight they had clues to the identity of other Mexicans connected with the robbery.

The first Mexican killed was an unidentified young man, a passenger on the wrecked train, who was accused of revealing the hiding place of the robbers. CHASED SEVEN MILES.
United States cavalrymen for seven miles chased a young Mexican who appeared in the Los Indios district today, about thirty miles up the river from the place of robbery. He was brought to Fort Brown here, where army officers questioned him closely.

He said that his story was completely untrue, but he gave no information to connect him with last night's robbery. Finally, the officers, having failed to hold prisoners, turned the Mexican over to the civil authorities.

Probably 1500 cavalrymen and Infantry today joined in searching for traces of the bandits for a distance of thirty miles up the American side of the river. Hundreds of civilians led by scores of deputies joined in this work.

I told them I was neither a traitor nor an ingrate.

CARRANZA AT TORREON; TO VISIT TEXAS BORDER.

(BY A. P. NIGHT WIRE.)
LAREDO (Tex.) Oct. 19.—Gen. Venustiano Carranza, head of the de facto government in Mexico, will visit the Mexican border at Piedras Negras and Nuevo Laredo within the next week or two. It was said in advice received in the latter town tonight from Torreon, where Gen. Carranza arrived today on his trip of inspection through the northern States of the republic. Sentimental as well as political reasons were seen in the announcement that Gen. Carranza would make his first trip to the border in visiting Piedras Negras, for it was in the little Mexican town opposite Eagle Pass, Tex., that he had his first provisional capital in the early days of the revolution. It was thought the question of co-operation between the Mexican and American authorities in the solution of border problems would be considered by Gen. Carranza when he has a chance to confer with the men who have jurisdiction over the Mexican border forces.

LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

When constipated or bilious give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once. When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad, has stringy stools, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the food constipated waste, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

THE BEST BREAKFAST

Convenient—Satisfying—Beneficial.

Early in the morning, the vitality of the human body is at the lowest ebb. This condition is reflected in the digestive organs, making it highly desirable that the breakfast should be composed of light but nutritious foods. To a general appreciation of this fact is due the tremendous and constantly increasing demand for ready-prepared, partially-prepared breakfast foods all over the civilized world. Among all these foods, none could possibly be better than that wonderful product known as H-O Oatmeal. Made of carefully-selected white oats, steam-cooked for more than two hours before it leaves the mill, and prepared by the special H-O process, it presents the best-balanced food that is possible to obtain for young and old alike. Not only is H-O Oatmeal a nutritious and strengthening article of diet, but it is a most delicious food as well, when properly prepared. Grown folks relish it, while children thrive upon it and call for more.

You owe it to your family to select judiciously the food they eat. Make H-O Oatmeal a regular article of diet for a few weeks, and you will be most highly gratified by the results. H-O Oatmeal comes in air-tight, moisture-proof packages, and can be obtained at all good grocers. Try it today.

LANSING'S LETTER.
Secretary Lansing's letter of recognition, referred only to the intention to accredit an Ambassador soon. It was signed by Lansing, D. C. Oct. 19, 1915.

"My dear Mr. Arredondo: It is my pleasure to inform you that the President of the United States takes this opportunity of extending recognition to the de facto government of Mexico, of which Gen. Venustiano Carranza is the Chief Executive."

"The government of the United States will be pleased to receive formally in Washington a diplomatic representative of the de facto government as soon as it shall please Gen. Carranza to designate and appoint such representative; and, reciprocally, the government of the United States will accredit to the de facto government a diplomatic representative as soon as the President has had opportunity to designate such representative. I should appreciate it if you could find it possible to communicate this information to Gen. Carranza at your earliest convenience."

Very truly yours,
"Robert Lansing,
Secretary of State."

This document, the goal of Mexican revolutionary elements for nearly three years, was delivered without ceremony by a State Department messenger at noon to Mr. Arredondo at the Mexican Embassy building. Shortly afterwards, in response to a telephone invitation from Secretary Lansing, Mr. Arredondo called at the State Department for a conference.

Although without diplomatic status, he was escorted to the diplomatic ante-room, where Ministers and Ambassadors are received. He spent a half hour with the Secretary discussing Mexican affairs in general. Thursday Mr. Arredondo leaves here for Mexico to deliver in person the letter of recognition.

Several diplomats, among them the Argentine Ambassador, the Bolivian and Guatemalan Ministers and John R. Sullivan, personal representative of President Wilson in Mexico, called at the Mexican Embassy during the afternoon and many felicitations came.

and while still in his teens became an authority on police work.

His family urged him to enter one of the professions. In preparation for the law, he graduated from Lake Forest university, the Kent College of Law in Chicago, and received a law degree from the University of Notre Dame in 1911. For several years he became a football star and a member of the Phi Kappa Psi chapter at Notre Dame.

When he was admitted to the bar he entered the District Attorney's office in Chicago and specialized on work in the police department.

He continued his close relations with the members of the force.

For Highest Judicial Post of Her Sex.

Miss Orfa Jean Shontz,
Selected as referee for the juvenile court, a position wherein her powers will be second only to those of a Superior Court judge.

YOUNG WOMAN NAMED AS JUVENILE REFEREE.

MISS ORFA JEAN SHONTZ was appointed yesterday as referee of the juvenile court, a position created by the new juvenile court law. It is the first time in the history of the juvenile court that such an appointment has been attempted, and the appointment places Miss Shontz at the apex in this state at least, of women in a judicial or administrative capacity. Referee Shontz will take office November 1. She will sit in Judge Reeves' place in juvenile hall, dealing especially with women and girl cases, but her functions extend to men and boys as well. She will hear the evidence, report findings and conclusions with recommendations.

stayed were the contraband opium of the smoking variety. Not Local Talent. NEW COUNSEL AN OUTSIDE MAN.

SCHMIDT DEFENSE TO ANNOUNCE
SELECTION TODAY.

Prediction is Made that Jury will be Completed not Later than Thursday of Next Week—Prospects of Fourteen Jurors to Sit Through Long Trial.

It is expected that announcement will be made today by the Schmidt defense of the name of the attorney who will take the place in defense counsel made vacant by the death of Charles H. Fairall. The defense was in consultation much of yesterday, and there were numerous telegrams passing between them and San Francisco labor union leaders, but not a single name was mentioned to newspaper men as the prospective attorney. The statement was made, however, that the name would be an attorney outside of Los Angeles.

Persons who have been closely watching the progress towards securing a jury predict that a jury will be selected by not later than Thursday of next week. Because of the probable length of the trial there is a likelihood that fourteen jurors will be placed in the box instead of twelve usually selected. Section 1055 of the Penal Code of California makes provision for such a situation in cases of long trials. It provides that after the twelve men are secured and sworn to serve as jurors, the judge may, in his discretion, order the selection of one or two more jurors, having previously caused to be entered upon the court's records a statement that there is prospect that the trial will be one of unusual length.

These extra jurors must pass the same qualifications as the twelve previously selected, and must sit through the case, and be subject to exactly the same rules as the twelve. In the selection of the extra men selected, the prosecution has the right of one peremptory challenge, while the defense has two such peremptory challenges.

In case of the death, illness or incapacity of any of the twelve men originally selected, the judge may order one of the extra men selected to take the place in the jury box made vacant, and the extra man from the time of the testator's death must be distributed under laws of this state.

CHURCH LOSER.

Supreme Court Upholds Decision Cutting Request to Religious Institution in Minnesota. Justice Shaw, with Justices Sloss and Lawler of Department No. 1, of the Supreme Court, concurring yesterday, affirmed the judgment of Superior Judge P. E. Denmore of Riverside county, in the matter of the estate of Edgar A. Sloane, holding that personal property situated in the State at the time of the testator's death must be distributed under laws of this state.

In this case \$424 represented one-third of the estate and all of it that could be distributed to charitable objects under the laws of California. The will contained two charitable bequests, one of \$400 to Brandon College, the balance to go to the First Baptist Church of Minneapolis, Minn. The Superior Court distributed \$400 to Brandon College, and the excess to the First Baptist Church. Sloane died in California, but was a resident of Minnesota, and the State has no law limiting the amount the testator can give to charitable purposes. In California the limit is fixed at one-third.

The court yesterday disposed of the pending calendar in Departments Nos. 1 and 2, and will clean up the balance of the October session by noon today, the members of the court returning to San Francisco this evening. The next April meeting of the court will be held at the new quarters in the Union League Building, Second and Hill streets.

CONFESION SPEUNG.

Smuggler's Story of Trip of Anell Told in Conspiracy Case—Special Agent is Witness. The high spot in the hearing before United States District Judge Farrington yesterday, of the case against Julio Liparoldi, J. Sherman Woolf and others, charged with conspiracy to smuggle Chinese contrabands, was the

confession of Harry James, made before the immigration authorities just after his arrest. James is one of the accused. He went south on the Anell and was landed on the Mexican coast, but the voyagers became scared and left him on the sand all night. His coat was in the boat when it reached Los Angeles harbor, and he was afterward apprehended by the clue furnished by his coat and shirt collar. He detailed the trip. The confession was taken before Capt. Charles T. Connell, and a feature of it that was not stated in open court was that James wanted to go into court and plead guilty the day he signed the confession, not even waiting for an indictment of the grand jury.

Pasquale Uro, an Italian, who was the informer for the government in the case, and who made the trip with the crowd aboard the Anell, testified at length on the make-up of the party of smugglers and the efforts to get a load of Chinese at Ensenada. The appearance of Uro was a surprise to the defendants. His evidence did not involve the defendant Woolf in any way. It turned out that Uro had been a special agent of the government since the beginning of the year. A motion was made to dismiss the case on the ground that Uro, as such Federal official, had entrapped the defendants, but the motion was denied. The opinions of Judge Bledsoe and the Circuit Court of Appeal in the Woolf case were quoted in support of the motion.

**MRS. MONNETTE QUIETLY
MARRIED TO DR. COLE.**

MARRIED TO DR. COLLE

A WEDDING of much interest to many Los Angeles people occurred in Santa Barbara Saturday afternoon, when Mrs. Elizabeth Spencer Monnetta became the bride of Dr. George Llewellyn Cole of this city.

The ceremony was performed by Dr. C. Ellwood Nash of the First Universalist Church, who was one of the party that accompanied the bridal couple by auto to Santa Barbara. In the party were also Dr. and Mrs. Norman Bridge, Mrs. Kate Moore and Mr. and Mrs. Morgana Ross.

The wedding ceremony was an elaborate wedding supper was served at the Arlington.

The party motored back to Los Angeles Monday and Dr. and Mrs. Cole are now at the Hartmann Apartments,

was entered in the divorce of Dr. Cole from Mrs. Harriet Cole. The present Mrs. Cole was named as co-defendant in this action. The present Mrs. Cole was divorced from M. J. Monnetta, a prominent banker of this city, after the Cole divorce proceedings were begun, they having separated only three weeks after their marriage. Mrs. Monnetta had returned to her home in Denver and Mr. Monnetta went to Europe for an extended trip about the time that the divorce suit was filed.

The wedding of Mr. Monnetta and Mrs. Elizabeth B. Spencer followed shortly after they were members of a party on a trans-Pacific steamer trip to Hawaii, the Philippines, China and Japan. They had first met in this city only a few months before this trip.

MOVEMENTS IN SOCIETY.

MRS. BEN D. GOODRICH has chosen the afternoon of Wednesday, the 27th inst., for the date of a tea which she will give in honor of two attractive young ladies, her grand-daughter, Miss Mary Goodrich Read, who has just returned from Berlin, and for this season's fair debutante, Miss Agnes Wickfield Britt.

Miss Read, who is the daughter of Mr. and Mrs. William C. Read, 2125 Thompson—Mrs. Read being Mrs. Goodrich's daughter—has spent much time studying music with the masters abroad, and her return heralds many pleasantly-anticipated functions. It is but fitting that the initial event should be given by her fond grand mother, who is entertaining at the home of Judge and Mrs. Goodrich, No. 1444 South Flower street.

The hostess-elect has asked to receive with her Mr. Alexander B. Barrett, Mrs. W. D. Woolwine, Mrs. Thomas Weeks Banks, Mrs. William Monroe Lewis, Mrs. Olin Wellborn, Mrs. Charles Wellborn, Mrs. C. Q. Stanton, Mrs. Edward C. Bosbyshell, Mrs. Erasmus Wilson, Mrs. W. F. Stanton, Mrs. Holliman P. Bishop, Mrs. Burton E. Green, Mrs. Harry Kinsley, Mrs. Norman D. Hall, Mrs. Owen Humphreys Churchill, Mrs. Eugene W. Britt, Mrs. Chauncey D. Clarke, Miss Carrie Waddell, Miss Gertrude Gooding, Miss Selby, Miss Elyse Kinsley and Miss Margaret Clarke.

Over 250 invitations have been issued.

Bride to Entertain.
Mrs. Norman D. Hall, a bride of June, and formerly Miss Grace Monk, daughter of the E. R. Monk of No. 1611 South Flower street, has decided to issue invitations for an elaborate luncheon, the 30th inst., for the much-anticipated event. It is safe to surmise that the inebriated bride will have the Halloween motif dominate decoratively. More than fifty are to enjoy the first entertainment given by the popular society matron. Her friends were truly disappointed that Miss Monk chose to be so quietly wed, and are more than eager to welcome her in the social activities of the coming season.

For Substantives.
One of the prettiest dancing parties of the season was given at the Los Angeles Motor Boat Club on Saturday evening by Miss Marion Barber, the attractive daughter of Commodore and Mrs. G. F. Barber, who bade for her guests Misses Max Menzies, Minnie McKenney, Katherine McKenney, Miriam de Camp, Margarette Plummer, Olive Plummer, Nina Whitman, Grace Stotter, Agnes Bell and Emma Emil Mayne, Arthur Bowden, Charles Menzies, Charles

Bones, Lawrence Barber, John M. McKenney, Norman Barber, Winfield Barnes and McMullen, Commodore and Mrs. Barber, Mr. and Mrs. Roy L. de Camp and Mr. and Mrs. Charles Menzies chaperoned the merry affair, which was given as a fitting observance of the hostess' birthday.

The hostess, extending far out over the water, was illuminated effectively with brightly-colored Japanese lanterns and pennants hung from the walls, while a wealth of yellow chrysanthemums were arranged artistically in wicker holders. An elaborate supper was served during the evening.

Seeing the Jewel City.
Mrs. Owen Humphreys Churchill, accompanied by Mr. and Mrs. Francis Pierpont Davis and Mrs. D. H. McCarty, returned Friday from an enjoyable motoring trip through Northern California. The party was joined in San Francisco, where they spent a fortnight, by Mrs. Churchill's sister, Mrs. Porter Churchill, who attends Stanford University—all going later to Palo Alto, on down to Santa Barbara and the Big Sur coast.

Mrs. Churchill has made frequent trips to the Bay City during the progress of the exposition—in fact, her entire summer has been divided between La Jolla and the north. Mrs. Davis and Mrs. McCarty are this charming matron's daughters.

A Coming Social Event.
Ere the month closes Mrs. George F. Rose of No. 2183 West Twenty-first street, will contribute to the social calendar an interesting social event in the form of a card party.

Mrs. Hinchcliff to Entertain.
Honoring Mrs. William D. Stephens, who leaves with her husband, the Congressman for their winter season in Washington early in November, Mrs. C. W. Hinchcliff will entertain guests for luncheon and bridge, having hidden ladies for three tables on Wednesday, the 27th inst.

Mrs. Hinchcliff has but recently returned to her home, No. 1257 Crepuscular boulevard, following an extended trip to the north, where she was the recipient of many social courtesies.

To Live in Mexico.
A society event of wide importance took place last Saturday, when Miss Sophie Rook, the talented niece of Mr. and Mrs. L. J. Christopher, was married to Arturo Regna, a Chilean by birth, but for some years past a prominent resident of Los Angeles. The bride was charming in handsome dark blue chiffon broadcloth, with toque to match. Mrs. L. J. Christopher was the mother of honor, and Mr. Bernardo Garcia was best man. Among those present were Gen. Velasco, former Governor of Nuevo Leon, Mex.; Miss Marie Rook, sister of the bride; Mr. and Mrs. S. Fox, Ben-San-juan, J. Toler, prominent Spanish actor and composer; L. J. Christopher, uncle of the bride; K. Ramos and Manuel Ojeda, who officiated after the ceremony the bride and groom left for their future home in Mexico City, where Mr. Regna has very large interests in mining.

For Eight Ladies.
At her home on No. 2328 South Hope street, Mrs. M. C. Burnett will entertain a party of eight ladies today, with auction following. This gracious hostess has chosen for her table enchantment carriages, and covers will be laid for Mrs. William D. Stephens, Mrs. C. W. Hinchcliff, Mrs. Owen Humphreys Churchill, Mrs. White, Mrs. Frank E. West, Ben D. Goodrich, Mrs. G. Babcock and the hostess.

Back from the Wilds.
Squirrel Inn formed the attractive rendezvous for a party of Los Angeles folk over the week end, Mr. and Mrs. E. R. Brainerd, E. R. Brainerd, Jr., Mr. and Mrs. George H. Wadleigh and the latter's niece, Miss Childs, forming the personnel who motored down Saturday. Mrs. Wadleigh has a picturesque mountain cottage perched up in the rustic spot, and here they stayed until Sunday night.

Many to Dance.
Society will find in the coming Automobile and Flower Show, which is to be held from the 22d inst. to the 30th inst. in the Boston Store building, a center where beauty and fashion will gather to dance and enjoy sociability, the committee in charge having provided especially fine music for the ever-popular Terpsichorean art. There is to be an entire floor given over to the dancing, and with enough floor space cleared and waxed for the dancers who are to be given almost continuously. Already one hears on every side plans for parties each day during the show.

Tonight's Navy Ball.
The Stars and Stripes will prevail decoratively for the navy ball which the enlisted men of the U.S.S. Farragut are giving tonight in the armory of Exposition Park. This at home and dancing party will be largely attended by society bells and matrons.

Concerning Los Angeles Folk.
A recent San Francisco publication has the following interesting paragraph concerning our own townfolk: "Mr. Patrick Boland and the Misses Mary and Honore Boland and Miss Dimond returned to their home in Los Angeles last week. They spent several days in San Francisco enjoying the exposition festivities. Mrs. Boland was Miss Anne O'Sullivan, one of the sisters of the late Edna O'Sullivan. The other sisters are Mrs. Oscar Butro and Miss Ellen O'Sullivan."

Their Visit Concluded.
Dr. and Mrs. Charles C. Mohun of the Bay City have concluded a most delightful visit in Los Angeles with their friends, Mr. and Mrs. E. O. McLaughlin of South Figueroa street and returned to their home in San Francisco. They stopped in Santa Barbara en route.

For Visitors.
In compliment to their two sisters, Mrs. J. Biggs and Miss J. Gourley, Mr. and Mrs. A. Biggs entertained dinner guests on Thursday evening, covers being laid for Mr. and Mrs. J. Gourley, Mr. and Mrs. T. Johnson, Mr. and Mrs. W. Bowman, Mr. and Mrs. J. Perry, Mr. and Mrs. J. Grove, and the honorees and hosts. Dancing and music formed enjoyable after-dinner diversions.

At Cummock.
Following an annual custom, the new students and the faculty of the Cummock School will be entertained at a luncheon today, the hostesses being the old students of the school. The luncheon will be served in the school auditorium on South Figueroa street.

Her Visit Concluded.
Mrs. Charles Weinberg has just returned from a two months' visit spent mostly in San Francisco and Oakland, and is now at home to her friends at No. 1402 South Burlington street.

Miss Lillian Steele.

Beautiful young visitor who was much entertained in this city while the house guest of Mrs. Hortense Barnhart Jones-Dorr. Miss Steele, who is an accomplished vocalist, has just returned to her Chicago home.

WOMEN'S WORK, WOMEN'S CLUBS.

BY DOROTHY B. JOHNSTON.

It has been said, and wisely, that folk lore and fairy tales are the only stories which are eternally true. This in itself might be sufficient to insure immortality to "Mr. Pickwick," Charles Dickens's clever, quaint creation, whose open, ingenuous character was so vividly brought to life Monday at the Ebell Club, when Mr. Frank Speight of London, Eng., gave before a large audience a dramatic Dickensian recital. As the artist said by way of introduction, he chose "Pickwick Papers," not because it was the best, but because it was one of Dickens's most popular works, and so well did he introduce the characters that time and place were forgotten, as if we were before us a comedy of manners, surrounded by his picturesque neighbors—Job Trotter, the fat boy; Mr. Wardle, the country squire; and the widow Bardell in the embarrassed embraces of Pickwick. Dickens appears to have had all his vital powers of conception alive to realize the sensations of those gentlemen who had the happiness to be the companions of Mr. Winkle and Mr. Snodgrass in their journeyings.

The question of limiting Ebell's membership to 1800, which was strongly discussed two years ago, is again receiving serious thought. The membership July 1, 1915, was 1812—far too large to find seating capacity for the general meeting after-dinner meetings, especially upon those occasions when guest privileges are extended. Next Monday afternoon J. L. Harbo, director of the Los Angeles Symphony Orchestra, was the guest of the club. She leaves for San Francisco this week, and Mrs. James T. Fitzgerald will assume the curatorship during her absence. Adolf Tandler was most successful in his presentation of his ideas and enthusiasm as to what the symphony may mean to the city and the individual. He recommended the club to learn to listen, to go to the symphony with a certain preparedness of mind, to visit the popular concerts, where relaxation and entertainment are to be found, and to encourage our children to attend the school children's concerts, two of which are shortly to be given.

Mr. Tandler feels that the symphony means education to the young, a great resource of joy and satisfaction to the music lover, a link that connects him with the progress of musical centers of the world; to the musician—inspiration, and the strength to reach a higher goal. To the business man it means recreation and a good investment for the future of the city. It is now feeling with the allies has rewritten it while at the front, and called it "A Belugum Christmas Eve." Miss Morton is a pupil of Lillian Burkhardt Goldsmith and is a splendid interpreter. The Drama League meets in the public library building.

GAINS LIBERTY.
The District Court of Appeal yesterday allowed the writ of habeas corpus in behalf of A. W. Marsh, and ordered the discharge of the prisoner. Marsh had been committed by Justice Forbes on a charge of embezzlement and grand larceny, but the court holds that the commitment was made without reasonable or probable cause. No opinion was filed.

The Woman's City Club.
One of the largest audiences of the year was present at the Woman's City Club Monday to hear George Maxwell, the author and student, talk on "Our National Defense—the Patriotism of Peace." Mr. Maxwell advocated an organized force of hardened men building up natural resources, reforesting mountains, building national highways and

conserving waterways, muzzling, controlling, harnessing nature's devastations—young men who would form a working army and who would receive a military training the same as in Switzerland, rather than having the government expend so much for a standing army.

There was next every competitive problem by making the majority of people self-supporting from the land, and many of our problems will have been solved," declared the speaker. The picnic to be given Saturday at the harbor promises to be a merry affair. Special cars will leave the Pacific Electric station at 10:50 o'clock and members of the Harbor Commission will meet the party with boats for a cruise around the harbor. Husbands and children are invited, and if desired a fish dinner may be secured. Reservations may be made through Mrs. M. E. Johnson.

There were thirteen new members admitted to the club, fourteen having joined a week ago and twenty the week previous to that. N. W. Thompson, Senator from the Thirty-fifth District, and A. L. Bartlett, Assemblyman from the Sixty-third District, met the party at the hotel for the coming election. Mrs. Edward Rankin Brainerd presented Monday, Mrs. Forster, acting as recording secretary pro tem. In the absence of Mrs. Clarence Van Graham.

Year Started.
The Woman's Twentieth Century Club of Eagle Rock last Thursday held its first meeting of the new club year. A business meeting and the greeting by the president, Mrs. Godfrey Edwards, was followed by a musicale given by Mrs. F. E. Moll, cellist and pianist, and her daughter, Mrs. Brown, violinist. After adjournment a reception in honor of the musicians was held. The club luncheon at 1 o'clock, preceding the regular meeting, was well attended and promised success for this popular innovation.

Parent-Teachers.
The faculty of the Thirtieth-street Intermediate school will be at home to the patrons of the school at the first meeting of the Parent-Teachers Association tomorrow at 2:15 o'clock.

Mrs. Noble to Speak.
The Parent-Teachers Association of the Santa Barbara-avenue school will meet at 2:30 o'clock today. Mrs. Julia D. Noble will speak on "Outlining the Work of the Parent-Teachers Federation." A large attendance is expected.

For Today.
The British Overseas Club will hold a whist party and dance at 8 o'clock tonight in Fraternal Brotherhood Hall, Ninth and Figueroa streets. All Britons are invited.

Shakespeare Club.
The Kate Tupper Galpin Shakespeare club will give its season's program last Wednesday, the subject being the early development of German drama. Mrs. Adolph M. Nienus, Mrs. Robert Robinson and Mrs. W. E. Silverwood contributed to the occasion. The club will hold its annual reception at the home of its president, Mrs. Frederick B. West, No. 2516 South Grand avenue, next Saturday.

Wednesday Morning Club.
Lillian Burkhardt Goldsmith will be responsible for the program following the luncheon at the Wednesday Morning Club today. "An Appeal in This Time of Crisis" is the title of her interesting literary discourse.

The Harmonia Club.
Mrs. Charles McWhorter will discuss "The Art of the American Composer" at the Harmonia Club tomorrow. Later the American women composers are to be discussed.

San Pedro Woman's Club.
"What Every Woman Should Know About Political Science" was the title of the address given by Mrs. Mattie E. Jones last Monday at the Women's Club, San Pedro. As voters the women are ready and anxious to be informed on the subject of the club to be voted on at the next election was the topic entrusted to Mrs. Harry J. Slater.

The Chautauqua Circle.
The music room of the Public Library was the scene of the first meeting of the Chautauqua Literary and Scientific Circle last Wednesday afternoon. Mrs. Etta Vincent Rohrer was re-elected president, the other officers being Mrs. E. S. Bassett, vice-president; Mrs. C. H. Noll, secretary and treasurer and Mrs. Mary Latsch, critic.

Kappa Kappa Gamma.
The Los Angeles Alumnae Association celebrated the anniversary of the founding of the fraternity with a banquet last Wednesday at Christopher's. The decorations were in yellow and pink, the color scheme being carried out in the flowers, table ribbons and the candies. Mrs. Arthur M. Hadley, president, acted as toast mistress and those who responded to the toast were Miss Jessie Robertson, Mrs. Charles S. Ward, Miss Marie Lindsey and Mrs. W. H. Stevens, of Long Beach.

Sierra Madre Woman's Club.
The opening meeting of the Sierra Madre Woman's Club was held last Monday week, with a large number of members present. Mrs. J. H. Wright, new president, Mrs. J. H. Wright, gave a short welcoming address. Mrs. Baurhite of Los Angeles gave a short talk on the needs of the maternity cottage and Miss Mary Foy addressed the club on the proposed nonpartisan amendment.

Drama League.
Miss Georgia Morton is to read before the Los Angeles center of the Drama League tomorrow night the remarkable war play of Alfred Noyes, "Rada," which has caused such widespread interest throughout this country and abroad. It is impossible to obtain a copy of this book in the city, and so great has been the demand for it that the author who is now fighting with the allies has rewritten it while at the front, and called it "A Belugum Christmas Eve." Miss Morton is a pupil of Lillian Burkhardt Goldsmith and is a splendid interpreter. The Drama League meets in the public library building.

TOGETHER LET US GO
Downtown to Inspect Olive Gray and Other Enquisite Tints; also Things Chic and Charming.

Now is the time to buy. Brown baskets from the Orient. Never were they offered so cheaply and they are among the "always wanted" of everyone who has a home or even a flat or rooms, for they lend an artistic touch, either as a receptacle for flowers or fruits.

The giftie thing from the new stock of those odd wooden toys and useful ecceteras, such as door stops, garden sticks and other articles guessable or unguessable. Their so-differentness is their greatest attraction. Such are difficult to find along toward the holiday.

The personal Christmas cards with the painted picture of your California home. These must be ordered in time, if one would send them East.

Practical Suggestion.
For the birthday cake, try using instead of candles, marshmallows in which the tiny colored candies may be pressed.

An Advantageous Chance.
Have you noticed how spacious and how attractive are the windows of that exclusive store on Broadway which bears the name of the French capital? No they have not been rebuilt, but respaced and the expanse of flooring gives the effect of additional roominess. Merchandise is thus shown most attractively. The uninterrupted flooring of gray also adds to the charm.

Stuffed Lamb Chops.
A pleasant variation in the way of a luncheon meat is prepared as follows: Make an incision in the bone in French lamb chops, and prepare stuffing by mixing finely minced ham, celery and onion, fried to a light brown, to which is added bread crumbs, and the mixture highly seasoned with salt, pepper, parsley, sage and a bit of mint. Chops prepared thus are one of the special dishes served on occasion at that luxurious tea room in a downtown store on mid-Broadway. These chops make as delightful an impression upon the palate as does the rosy color scheme of the room upon the eye when entering the place.

House Tidying.
For the room which needs fresh curtains or for the single window in the nook, there is an opportunity to buy at ever so much less this week. The small things which cut but little make the home look attractive and livable.

More Prettiness.
Those who "tint"—and it is a craze to do this kind of fancy work—will be interested in the necklaces shown in a recent publication. Tasting interested with beads forms those pretty baubles appropriate as gifts from girl to girl.

Huffed Hose.
Stockings which were once just merely stockings, and knew their place have forged forward into public notice from time to time until now they have come to imagine themselves capable of usurping the domain of petticoats. Or at least the latest ones have that appearance. They are just stockings until they reach about the knee where they flare forth into ruffles—three ruffles, three ruffles, ruffled, yet, but there is no telling what may happen in these days of striking extremity in modes.

Gift Boxes.
In that always alluring shop in Fourth Street, where the Far East seems always to have its artistic place, there are shown just now the

a few cents one may obtain from this
collection, adorable little oblongs for

New Book Bunters.
Possibly you do not call them that,
but I do. Know why? Because sev-
eral of them are in the shape of an-
imals such as elephants, buffaloes,
other horned or hard-headed crea-
tures bunting together the books
which will sometimes be there. To be
sure there are some of these lovely
new bronzes which are not like that,
for example the charming nude young
women—snyms, of course, or some-
such, who can well afford to select
clothes—sitting pensively beside the
bookshelves, as though they knew be-
forehand all that books could pos-
sibly contain. But whatever the sub-
ject, the object is just the same—
keeping books together in tidy rows.
And that new material, while it may
not be as durable as bronze, looks ex-
actly as well as though it were. The new
stock of it, for holiday time is already
in, at the household section of the
seven times seven store on a broad-
way corner.

Under Fashion's Sign.
Satin-faced fabrics are very much
fashioned.
Front-laced corsets are increasing in
popularity.
Crepes poplin is fashionable for tal-
laced skirts.
Beads are a dominant item among
dress trimmings.
Even little velvet bags are now
trimmed with furs.
Midnight blue leather boots with
gray fur tops are among the pretti-
est things imaginable.
In some mysterious way the most
bodies have been made becoming to
the average woman.
To some green velvet is a beautiful
material for a fur-trimmed wrap.
The coat like a riding habit was re-
cently seen among tailored suits.
Dark crepe blouses are seen with
white collars and edges for ever.
Cardigans are as much used as ever
for Norfolk suits and sports skirts.
Even the stridles of sports skirts
newdays are apt to be well used.

Earl Cooper Hurries Home to Attend Broadway Show.

RACE DRIVERS AT THE SHOW.

Earl Cooper Returns Here for Event.

Broadway Show to Have Many Speed Kings.

Oldfield will Also be at the Exhibition.

Earl Cooper, 1915 automobile racing champion by virtue of his many victories this season, will return to Los Angeles tomorrow morning. Plans to greet the great Stutz pilot are being formed, and the local boy will be received by a big delegation.

COMING HOME. Cooper is coming home at this time in response to an invitation to be present at the Broadway Automobile and Flower Show, which will start Saturday night. There is a big invitation event on at Shoshonead Bay a week from Saturday, but the champion refused to stay in the East when he learned of the Broadway exhibit. He was the first of the big pilots to turn down the lucrative eastern engagement in order to be at home for show week.

Both Cooper and Oldfield will be present at the show, and their admirers will have a chance to greet them. Oldfield is to make his headquarters at the Lord Motor Car Company's Maxwell section. Cooper has been spoken for by Walter M. Brown, the local Stutz agent. It was a Stutz racer that carried Cooper to his laurels ever since he became a speed merchant.

MATCH RACE. With both Oldfield and Cooper at the show, efforts will be made to match the two stars for a race later in the season. The possibilities that Oldfield will secure the Stutz driver lately by Gil Anderson are bright. With both men driving the same make of car a race between Cooper and Oldfield would be a true championship affair. The two drivers are mechanically matched and the lower could not claim inferior racing equipment as the cause of defeat.

With two of the real big stars on the ground, and a score of the less known drivers in the offing, the managers of the Broadway Automobile and Flower Show are seriously considering designating one evening as racing drivers night. The champions would draw thousands of interested admirers, and would prove an attraction new to local motor car exhibitions.

STEWART WINS INDIVIDUAL TITLE.

NATIONAL RIFLE TOURNAMENT IS ON AT JACKSONVILLE.

(BY A. P. NIGHT WIRE.) JACKSONVILLE (Fla.) Oct. 19.—Stewart, James Stewart, Massachusetts National Guard, today won the national individual championship, the first event of the national rifle tournament being held at the State camp grounds here. His score was 215 points out of a possible 225. Private T. B. Crawley, United States Marine Corps, was second with 211, and Private W. W. Pearson, Oregon National Guard, third, with 214. Stewart, although his score was the same as that of Crawley, was awarded the championship because he hit the bull's-eye a greater number of times consecutively.

The event concluded today is regarded as the most important individual rifle competition in the United States.

TIA JUANA RACE TRACK COMING ON.

EXPERTS HAVE PRONOUNCED PROJECT STRICTLY LEGAL.

(BY A. P. NIGHT WIRE.) SAN DIEGO, Oct. 19.—Work is continuing today on the construction of the race track at Tia Juana and it is said there will be no cessation as the result of the assertions of Mexican Consul De Negri at San Francisco that no gambling concessions will be recognized. President H. A. Houser, of the State of California, has declared that the concession under which the company is operating has been passed upon by international law authorities and has been pronounced legal in every respect. In the event of any interference on the part of Mexican authorities, President Houser stated that an appeal would be made to the State Department at Washington.

HUN FRESHIES TO MEET SAN DIEGO.

A game between the Pomona freshmen and San Diego High has been arranged for Saturday afternoon at San Diego. Rumor says that the teams are evenly matched.

SIX LIMITS AT LONE PINE.

Dr. C. M. Rankine has just returned from two weeks of sport at Lone Pine, Inyo county, in the Owens Valley. While there he got the limit of valley quail, mountain quail, blue grouse and of rainbow, Loch Leven and eastern brook trout. Most of the trout were captured at an altitude of 8000 feet. He claims that upon sending his dogs into the brush thousands upon thousands of quail would rise and whirl away. This is Dr. Rankine's second season in the Lone Pine country, and he says that the district is a veritable paradise for the sportsman.

SCOGGINS MAKES A FARCE OF GAME BY HIS WILDNESS.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SALT LAKE, Oct. 19.—The Bees again made a race track out of Majestic Park in the opening game of the crucial series with the Angels and walloped the Dillon crew 12 to 4. Lynn Scoggins, who took up Brant's burden in the fourth, put the kibosh on what might have been a real ball game when he twice filled the bases with walks and other things in the fifth and then permitted Billy Orr to clear them with a triple the first time, and Jimmy Shinn to do likewise with a single, the second time. Salt Lake had gotten two runs prior to this time, one in the first on a double by Quinlan, a sacrifice and Brief's sacrifice fly, and another in the third on a double by Shinn and Ryan's single. Los Angeles had tied this score though on McMullen's single, Orr's miscue, Ellis's fielder's choice, Harper's sacrifice fly and Terry's double.

It looked therefore as if it might resolve itself into a regular ball game until the Bees rang up seven runs in the fifth on five walks, a sacrifice, a single, double and a triple.

The Angel's pepper went sky high after the Bee seventh, and Salt Lake after registering three more off Horstman in the sixth also let up.

Los Angeles did pile up two more off Williams in the sixth on some honest to goodness clouting. Koerner started things with a double and then Little Zeb Terry cracked one over the left-field fence for his first homer of the season.

Jack Ryan and Bert Hall will be the opposing slabsters in tomorrow's game.

ART SMITH RETURNS TO EXPOSITION VERY SOON.

[SPECIAL CORRESPONDENCE.]

EXPOSITION GROUNDS, SAN FRANCISCO, Oct. 17.—Art Smith is coming back to the Coast. Having recovered from the thrills he gave on his last visit, the San Francisco exposition is busy preparing a tremendous ovation on November 3 for the little king of the air, and is ready for some more shocks to her nervous system.

"I'll thrill 'em. Every time I go up I think of a new one," said Smith when asked what new ones he was going to spring on the Pacific Coast crowds. As this is an exceptionally long speech for the aviator, who rarely talks of his perilous profession, some wonderful flying is expected. The aviator has developed a new one. During the baby Vanderbilt races at the exposition, which were managed by E. F. Posner of Los Angeles, he was taught to run one of the miniature races by Al Menasco. Delightful

Oakland Defeats Them by a Score of Two to One.

Corhan Makes Several Very Wild Heaves.

Downs Lets Winning Run in on a Muff.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Oct. 19.—Oakland defeated San Francisco today, 2 to 1. The Seals lost because of their own errors. Corhan, with a wild throw, let in one run in the first inning. He made another wild throw in the ninth and Downs followed it up and let in the winning run by booting an easy grounder.

RIVERSIDE GIVES THE BAPTISTS A HARD GAME.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

REDLANDS, Oct. 19.—The football team of Riverside High School was seen in action here for the first time this season in a practice game, this afternoon with the University of Redlands team.

The varsity won by a score of 9 to 7, but it was a victory dearly bought. Five of the Baptist men were injured in the game. The Riverside team is by far the heaviest high school team ever seen on the field here. The line outweighed the varsity by fifteen pounds to the man.

Riverside scored in the first quarter

The Quality Light Car

There is no change in the running of your Oldsmobile going up the steepest grades. Gasoline is supplied to the carburetor unfailingly at all times.

The Stewart Vacuum gasoline system in Oldsmobile 43 insures even running under all conditions. It draws gasoline from the rear tank to a small tank under the hood, where the gasoline falls in an even, positive flow to the carburetor. No gasoline is forced wastefully through the carburetor to cause an over-rich mixture, sluggishness and carbonization.

WIFEY GETS DUFFY'S CHECK.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Oct. 19.—Duffy Lewis, who was unquestionably the star of the 1915 world's series, returned home today from Boston.

The most valuable possession that Lewis had on his person when he arrived, was a check for his share of the world's series money—\$225.38. This is where his wife arrives on the scene.

"What are you going to do with that?" she questioned when she was shown the check. "That's for you, dear," came the answer.

"All for me?" she managed to gasp.

"Every last cent," declared the Boston star, as he indorsed the same and turned it over to his better half.

BURNS'S WIFE IS FOUND DELIRIOUS.

PUGILIST'S MATE IS SUFFERING FROM A RECENT ILLNESS.

[BY A. P. NIGHT WIRE.]

NEW ORLEANS, Oct. 19.—A fashionably dressed young woman whose identity had puzzled police and authorities at a hospital here, to which she was admitted early today in a delirious condition, was identified tonight by Tommy Burns, formerly heavyweight champion of the world, as his wife. Burns said she had not fully recovered from the shock of a recent serious illness. Mrs. Burns disappeared from her home last night.

AT THE STAGE DOOR

"Nobody Home" will close Saturday night at the Morocco, despite the fact that the show is still selling out. Blanche Ring's success in the piece plus a new bunch of laurels on the popular star's fair brow. Miss Ring is shortly to begin rehearsals on a new play in which Manager Morocco will send her to New York.

If Mr. Morocco buys the Willard Mack play which Miss Ring favors, she will play the role of a smart New York milliner, who spends her summer in the country in Connecticut, looks at the scenery and stirs up the natives in a little town.

Firefly-like. Emma Trentlin in "The Peasant Girl" will be the next Morocco attraction. The piece is a musical comedy, somewhat after the order of "The Firefly."

Comes to Play With Us. Anna Held who is teaming West to appear in pictures for the Morocco Photoplay Company, may also be seen this winter in a musical comedy at the Morocco.

Some Notes. Charlie Murray announces that the biggest and most spectacular motion picture ball which has ever been pulled off in this city will be given the 15th inst. at Shrine Auditorium. Many of the stars of the legitimate stage who are in the West doing pictures will be on deck, and the occasion promises to bear a resemblance to a New York Lambs gambol.

Those who will participate in the "stars" are De Wolf Hopper, Edna Goodrich, Weber and Fields, Blanche Ring, Sam Bernard, Korb and Dill, Fred Mace, Charlie Chaplin, Valdesa, Susan, Charlie Whinnier, Fanny Ward and Jack Dean. There will also be a Florida Comedy Sextette, in which Sam Bernard, Korb and Dill, Fred Mace, Charlie Murray and Joe Jackson will take part. A big comedy battle will also be a feature. If Mabel Normand is sufficiently recovered she will lead the grand march with Mayor Sebastian.

From the Outside In. Matland Davies, former dramatic editor of the Phoenix (Ariz.) Republic, and brother of actor Davies, the well-known New York critic, has been engaged by J. A. Quinn as general publicity manager for the Burbank. Mr. Davies now has a chance to be the man outside looking in.

Morocco Celebrate. The Auto and Flower Show to be held next week will include among its attractions a score of the latest in the line of the motion picture. Wednesday evening is motion picture night, and a number of the film stars have consented to appear in some sparkling stunts for the entertainment of visitors.

Film favorites will also represent various cars, and great visitors who enter the exhibit. Among these are Marguerite Snow, representing the King car; Kathryn Williams, Packard; Jackie Saunders, Reo; Anna Little, Kaiser; Cleo Ridgely, Auburn; Laura Oakley, Mitchell; Ruth Roland, Maxwell; Miss Blanche Ring, who is also a stage star, will do the honors for the Chalmers.

William Desmond has been appointed master of ceremonies for the gala event. Good for Franklin and Ivan. Franklin Underwood leaves for New York City today at 5 o'clock to direct Oliver Morosoff's production of "Radio Love," which will open in the eastern metropolis the first part of November. Mr. Underwood is considered one of the best directors in the profession.

John Ivan, who scored a hit in the small part of the steward in the place, left for New York last night. Alvin Lewis, who played the role of "Mummy," will also be in the New York cast. Breaks the Ice. Frank Darin, playing the role of Monty, in "Under Cover" at the Burbank, is to have the role of a lawyer in "Nearly Married."

"I knew a lot about stage law," said Darin. "The first lawyer I played was Marks in 'Under Cover's Cabin.' One night after I had closed the ice my retreat was followed by shouts of laughter. 'I can't really be as good as all that,' I said to myself, and peeped out from behind the scenes. Behold I had accidentally turned over one of the boxes which were playing the ice-cream scene, and there it lay, black letters was plainly printed the huge word 'Soap.'"

Easy Man. Bert Wenner, of "Nobody Home," is acting as stage director at the Burbank during Franklin Underwood's absence. Mr. Wenner plays in "Nobody Home" at the Morocco at night, directs rehearsals of "Nearly Married" all day, and is learning a role in the latter piece. And sometimes during the lull hours of the day he manages to find time to work on a motion-picture scenario which has been ordered by one of the big companies.

Four Little Billies. Billie Colvin, the Burbank Jove, who presides over the property thunderbolts and rainstorms at the Main-street house, will have his hands full in the "Nearly Married" show. A special grade of lightning, a peculiar hair-raising type of thunder, automobile horns from three different breeds of machines, a choice sunrise and a hectic sunset are among the effects which Billie must provide. And now Billie is in despair, for he says that Manager Morocco is threatening him with the aurea borealis. And he says that this is "the last straw on his hump."

Who Can It Be? Frank Darin is expecting a visitor from Vancouver next Saturday. Who can he be or she be?

Money Ante. Anita King, the "Paramount Girl," who is the first woman to take the cross-country trip alone in a machine, arrived in New York yesterday, according to a telegram received by the Los Angeles people last night. Miss King yesterday morning handed her message from Manager Sebastian to

Who Knows?

FRITSCH HAS NOT YET DECIDED ON HIS TEAM.

SURROUNDED by an enormous and bespectacled student committee on plays, seven or eight trainers, two squabbling candidates for the position of water boy and a gym student who had lost his locker key and was in an awkward condition, Coach Otto Fritsch yesterday gave vent to his emotions concerning Manu's game with Pasadena last Saturday.

"We don't know the very first thing about football," he said. "The men have no pep, are slow in starting and cautious about tackling or being tackled. What they need is spirit and the fight-on way of doing things, and they will learn this before the end of the season or die in the attempt."

"I have some real good material and expect to make a better showing in the rest of the games than last Saturday. I am contemplating no radical changes in the line-up, except that I may place the oldest of the Calhoun brothers, Carol, at quarter."

"They have quite a system out at Manual. The students get together with the coach and work up trick plays and freaky formation for later use in the season, and there are fifty-seven varieties of assistant managers, headguard custodians, shoe keepers and the like. Even the job of water boy was earnestly competed for by several scrubs."

ROGER BRESNAHAN CALLED TO COURT.

CUB MANAGER SHOWS UP AT WRONG PLACE AND DELAYS TRIAL.

(BY A. P. MIGHT WIRE.)
CHICAGO, Oct. 19.—Roger Bresnahan, manager of the Chicago Nationals, was called to court here today to answer to the charges of driving an automobile while intoxicated and of assault with an automobile. He went to the wrong court by mistake and later on appeared before Judge Sabath to plead for an early trial that he might return to his Toledo home.

The charges were preferred by Richard P. Smiddy, a contractor, who, with his wife, suffered injuries when the buggy in which they were riding last night was struck by a motor car, said to be driven by Bresnahan.

BRIEFS FROM BERKELEY.

(SPECIAL CORRESPONDENCE.)

UNIVERSITY OF CALIFORNIA.
Oct. 18.—Mayor Irving of Berkeley has issued an invitation to the California-Washington game to the Mayors of all municipalities of California.

A special entertainment is to be provided for the visiting officials.

Laid Out.
Glenn went to the infirmary with a badly-wrenched shoulder last Saturday, after a hard tackle by Nelson, Sherman right halfback. He will be kept quiet until about Thursday.

The full received the ball, before the U.S.C. game.

High Finance.
Another record was broken when \$152.20 was taken in at the gate on Saturday. This is the largest sum ever realized on a preliminary game.

The amount, however, is not an index of the number of spectators, as the majority were admitted by virtue of an "A.S.C." card.

Played Close.
Experts have been wondering just why the Indians stuck to close playing and endeavored to buck against men many pounds heavier. It was manifest that little could be gained by tight playing by the end of the first quarter, but still the Braves persisted in their attempts to smash the line.

Open play was their forte, as was demonstrated very nicely by a little fake play used to get the halfback on his way. The full received the ball, made a quick pass to a halfback and then kept on his way as though he still held the ball. This simple stunt had the variety of guessing, as did the open formation assumed by the Indians to disguise a forward pass.

Some Players.
Louis Guisto, whom Walter McCredie has just signed for the Portland club for next season, is a much-traveled contractor.

Two years ago he was offered a contract by the Venice club. This was refused as Guisto was not through his college work. Then he had a chance to sign with the St. Louis Nationals.

while last year, when Eddie Burns, catcher for the Phillies, was coaching St. Mary's. Guisto was offered a contract with Philadelphia.

Guisto hesitated to accept these offers, feeling that his lack of experience in big league circles might prove fatal. After a year or two of Coast baseball the St. Mary's player hopes to break into the East.

Hoof Stuff.
Between halves of the Sherman-Sherman game the annual interclass relay race was run. A team composed of T. L. Nelson, E. W. Davis, C. H. Straub, and M. W. Vedder won the race for the seniors. The points earned by these men gave the interclass championship to the seniors.

Big Game Seats.
Seats for the California-Washington game have been placed on sale at Los Angeles in the office of the secretary of the Los Angeles Alumni Association, A. M. Ellis, 243 Title Insurance Building.

Gibbs Good.
Gibbs, the Pasadena utility man, had another chance in the game on Saturday. He replaced Haseltine at left end. Gibbs did most of the kicking after his arrival in the line-up.

"LARIES AND GENTLEMEN"

(BY A. P. MIGHT WIRE.)

SAN FRANCISCO, Oct. 19.—"Dutch" Leonard, one of the Boston pitching stars, held by Duffy Lewis to be the mainstay of the club, is to take a little flyer in vaudeville before he hits the Pacific Coast. According to Duffy, the offers of the theatrical agents were so tempting that Leonard finally fell a victim to a proposition that was made him and for several weeks at least he will scintillate before the footlights. This is not going to be as tough a matter for Leonard as it might be for other members of the Red Sox, since the St. Mary's lad comes of a musical family and can turn his talent to good advantage in his new venture.

"Dutch" will make his appearance in baseball uniform and show the lovers of the national game how he pitched. Later, all dubbed up in evening dress, he's going to give a musical.

seem to interfere with his batting or fielding.

LOTS OF 'EM.

Neither side overlooked any opportunities to make errors. Eight are known to have been made, and the grand total might have been increased by a slight stretch of the imagination.

Fred Derrick had a severe time in right field. Of the three fly balls which came to him, he caught one. The other two are believed to have hit him on top of the head. Fred is thinking seriously of buying one of those steel helmets which they are using over in the war. If he can't get one of those, he will take just an ordinary coal bucket and wear it in place of a cap. He is not accustomed to playing right field, and his head is in danger at all times. If it was sandy out there, he could do like an ostrich and stick his head down in the sand when he saw a fly ball coming.

As few of our hat merchants carry either steel or castiron helmets, it is likely that Derrick will be compelled to rely on a coal bucket for defensive purposes. Of course, he would remove the bucket from his head while batting. Otherwise, the coal dust might effect his batting eye. No guy can hit up to his best form with soft coal in his eyes.

RAH FOR WIN.

Win Noyes went the full distance for the enemy. The Tigers made only one earned run, partly because the Beavers wouldn't let them earn their runs. Bill Piercy, being a person who knows when sufficient is enough, quit the place right in the middle of the sixth without being urged. It was not necessary for strong men to rush on and drag Bill off the mound. Roy Mitchell finished up the job in a workmanlike manner, pitching shutout ball after the sixth-inning mess had been cleaned up.

Vernon started the scoring in the third. With Berger on third and Spencer on first as the result of a couple of hits, Derrick came in and muffed Piercy's fly a short distance back of first. Fred picked up the pill in time to force Tub at second, but Berger, who was half way down the line from third, had no trouble in scoring. The next two were easily retired.

Two more developed in the fourth. After Bayless had fanned, Wilhoit singled. Joe got a hit every time up. He is propelling himself for the big league. Noyes soaked Ribberg, and Gleichmann flied to Speas. Berger singled to center, scoring Wilhoit, and Ribberg galloped in when Davis failed to stop Lober's throw to third. Three straight singles by Great Gus Ward and Davis and a couple of forceouts gave Portland two in the fifth.

Deciding that it might be unsafe to delay matters, the Beavers won it in the sixth. Derrick led off with a

right field one-sacker. Speas was a high bouncer over Ribberg, who eluded Rader and finally hit Doyle in the nose. It was a cranky grounder, and could not be trusted. Piercy acted like he was hit, and threw his glove on the ground. Then he decided that he was hit, and pitched a hard one into left. That was the blow that killed Bill's chances, and he started for the home of the ball. Thus did he get hit. The ball went right through Doyle's counting. There was nothing more doing with Mitchell. In the eighth, when an error and a couple of walks filled up the bases on a second in the eighth, and he scored when Berger's fly struck Derrick on his head.

Pasadena. PIONEER'S SON CALLED BEYOND.

Blood Poisoning Ends Life of Well-known Citizen.

New City Department is to Care for the Jobless.

Odd Fellows Plan to Build Handsome Temple.

LOCAL CORRESPONDENCE. PASADENA, Oct. 19.—Dr. Ralph Skillen, a dentist, who had retired from practice, and one of the best-known citizens of Pasadena, died at 7 o'clock last night at his residence, No. 1216 North Wilson avenue. The immediate cause of death is given as blood poisoning.

SUPERFLUOUS HAIR MUST BE ATTACKED UNDER THE SKIN

It has been proven by the world's greatest authorities that hair is bound to grow out coarser and stiffer after each removal, unless it is destroyed. It is impossible to destroy hair by surface methods. DeMiracle, the original liquid depilatory, destroys hair by attacking it under the skin as well as on the skin. Imitations of DeMiracle are worthless as pastes and rub-on preparations, because they lack certain ingredients that DeMiracle alone contains, which give it the power to rob hair of its vitality—its life sustaining force.

Buy a bottle of the genuine DeMiracle today and you will get the original liquid hair remover. Others are worthless imitations—refuse them. Remember, you are not asked to buy DeMiracle on a mere promise of your money being refunded. DeMiracle is the only depilatory that has a binding guarantee in each package which entitles you to the refund of your money if it fails.

DeMiracle is sold in \$1.00 and \$2.00 bottles. If your dealer will not supply you, order direct from us. The truth about the treatment of superfluous hair mailed in plain sealed envelope on request. DeMiracle Chemical Company, Dept. 1, Park Ave. and 125th St., New York.

DOLLAR, STOLEN CAR AND JAIL.

VISALIA, Oct. 19.—William Reena, 12 years old; Simon Campas, 13, and Ralph Tochini, 14, all of Fresno, were arrested here today on their way to the Panama-California Exposition at San Diego. They were driving an automobile which, the officers say, was taken from the home of a neighbor, and their cash capital was \$1. Their car broke down here, and their lack of funds when they drove into a local garage aroused suspicion and resulted in their detention.

COMPLIMENT PASTOR.

At an informal reception yesterday in the First Methodist Church to mark the opening of rally week, seven men representing a variety of branches of community life paid a tribute to Dr. Matt S. Hughes, the pastor. Dr. Hughes was referred to in turn by the seven speakers as “the ideal citizen,” “a man always generous to the press,” “friendly and generous to all pastors of all denominations and as the big brother of the smaller Methodist churches in Pasadena.” The speakers were A. L. Hamilton, chairman of the City Commission; C. H. Frick, Dr. Daniel F. Fox, Rev. P. G. H. Stevens, S. W. Odell and others.

MORPHINE STOLEN.

LOCAL CORRESPONDENCE. ONTARIO, Oct. 19.—That the burglary of the Kendrick Drug Company, No. 110 West A street, early this morning, was the work of a dope fiend who was unable in any other way to satisfy his craving, is the belief today of the Ontario police. The only thing taken by the burglar was morphine worth several hundred dollars.

CHIEF EXONERATED.

LOCAL CORRESPONDENCE. POMONA, Oct. 19.—When Police Chief Lyter, arraigned today on a charge of assault and battery upon a minor, Justice Stafford of Covina, dismissing the action and complimented the chief upon his effort to uphold the law. The complaint was made by George Heffner, a coffee house man, who alleged the chief struck Heffner's son, Edward, in the face, while the latter was going home on a recent Saturday night. The chief denied that he slapped the boy.

WOMAN NOT FOUND.

Nothing but a gray sweater and a hat which did not belong to the missing woman was found by a large party of searchers for Miss Anna Kirkwood, headed by Dr. Mason today. The party, which was encouraged in their search by the presence of Police Detective Winters, went through the Willows and Signal Hill section thoroughly.

HIGH SCHOOL WAR RAGES AT BEACH.

SANTA MONICA OUSTS VENICE RESIDENTS FROM ITS NIGHT CLASSES.

LOCAL CORRESPONDENCE. VENICE, Oct. 19.—Diplomatic relations between the authorities of the Venice Polytechnic High School and the Santa Monica High School are strained today. There is a question which school will get the per capita funds for about thirty students of Venice, who until last night were enrolled at the Santa Monica High night school. Because Santa Monica authorities feared the Venice people would claim the \$15 per capita from the state and about \$20 per capita from the county, the students, who reported for their classes last night, were dismissed. At present the Venice Polytechnic has no night school. Announcement was made last night that a school would be started, beginning Thursday.

SMALL ARMY TO BUILD DIVERS.

CONSTRUCTION WILL BEGIN IN THREE MONTHS.

Submarine Contract to Construct Close Bonds with Los Angeles. Five Under-sea Craft will be on Ways at Once—Unavoidable Accident is Minor Fatality Verdict.

LONG BEACH, Oct. 19.—

When the keels for the three submarines are laid simultaneously in the Craig shipyards, which are to be taken over by the California Shipbuilding Company, a small army of men will be busy on the construction of five under-sea boats, the total contract price of which will be \$2,015,500.

Officials of the newly organized \$5,000,000 concern, who are awaiting the return here of John F. Craig before the final transfer of the Craig yards is made to the California Shipbuilding Company, state it will be about three months before the material for the three boats is on the ground and the keels laid. In the meantime work will be rushed on the two submarines now being built here for the Lake Torpedo Boat Company on a subcontract. A lighthouse tender, costing \$250,000, is also being built at the local yards for the federal government.

Aside from the great impetus given the growth of this city and its end of the Los Angeles-Long Beach Harbor system, Long Beach capitalists feel that the new submarine contracts and the formation of the California Shipbuilding Company cement the interests of this city and Los Angeles closer than before. A large part of the capital for the new concern comes from Los Angeles.

DEATH BY ACCIDENT.

Late this afternoon a Coroner's jury at Holton's undertaking parlors rendered the verdict, “Death caused by an unavoidable accident,” in the case of Mrs. Anna Russell, the local woman who was killed in a collision between an auto in Wilmington late yesterday afternoon. Mrs. Russell was riding with Charles V. Randall, No. 449 West Third street, this city. According to witnesses, Mr. Randall swung his machine directly in the path of an auto of the Universal Film Company without giving warning. The driver of the other car, was dismissed in Wilmington this morning.

SERMONS VS. THE CURFEW.

Officials Declare Latter is to Give Right of Way Sunday Night.

LOCAL CORRESPONDENCE.

VENICE, Oct. 19.—“Curfew shall blow tonight,” say the City Trustees to members of the Police Commission, who stopped the blowing of the curfew whistle out of deference to Rev. Fenwick L. Holmes, pastor of the Venice Union Church. Mr. Holmes complained about two months ago that the curfew whistle, which is a loud siren, disturbed his sermon at the climax. He said it was disconcerting to preach for an hour, to work up to a climax, only to have the most important part of the sermon spoiled by loud blasts.

Mayor Gerety, however, and other officials have taken the stand that children derive more benefit from being warned of curfew than they would derive from the sermon. However, on Sunday night curfew will blow at 9:30 o'clock instead of 9 o'clock.

TO GAIN CONTROL OF WATER SYSTEM.

IMPERIAL DISTRICT HEADS TO PROPOSE SOLUTION OF NEGOTIATIONS.

LOCAL CORRESPONDENCE.

EL CENTRO, Oct. 19.—The directors of the Imperial Irrigation District today decided to invite negotiations whereby a stipulation may be made between the district and the creditors of the California Development Company that the district, on its agreement to offer its \$3,000,000 in bonds for the system at judicial sale, may become possessor of the system and allow the creditors to determine their share among themselves. Lieut. Gov. John M. Eshleman, associate counsel, was authorized to arrange a conference with the creditors.

Counsel Conkling, who was today restored to the payroll after a vacation, reported that the minority bondholders are desirous of bringing the long and costly litigation to a reasonable end as soon as possible.

At the board meeting today Attorney Conkling figured the face value of the claims and probable expenses incidental to the sale at \$2,359,500. This is levered by \$200,000 in the hands of Receiver Holabird and \$22,000 in bonds purchased from Boaz Duncan. Subtracting the \$3,000,000 from the \$2,579,500, there is a difference of \$420,500, which would be the amount to be scaled off the claims to bring them within the purchase assets of the district, provided that the bonds would be accepted at par by all creditors, which is unlikely. The value of the salt works judgment being decreased by the Supreme Court decision, the opinion was expressed that the claim of \$714,000 would be materially lowered.

“LOVE NEST” SEQUEL.

Divorce Granted Husband of Woman Whose Infatuation for Boy Caused Court Action.

LOCAL CORRESPONDENCE.

SAN BERNARDINO, Oct. 19.—Mrs. Eva Gemberling, whose peculiar infatuation for Levi Ashton, a 19-year-old boy, resulted in the exposure of their “love nest” on a secluded street in the west side of the city, is now free to marry the boy—when he attains his majority. John S. Gemberling, the husband, who started divorce proceedings when the exposure came, secured a divorce decree today. The case went by default. Mrs. Gemberling was not in court.

In the criminal action against the “love nest” pair, the boy was granted probation on the provision that he show no more attentions to the woman until he had reached his majority. The woman was paroled in order to take care of her two children.

BEET GROWERS TOLD OF GREAT OPPORTUNITIES.

LOCAL CORRESPONDENCE.

OXNARD, Oct. 19.—More than 2000 persons attended the beet growers' barbecue given here today by the American Beet Sugar Company. More than half the guests were from rural communities in the vicinity of Los Angeles, a special train over the Southern Pacific being employed to transport the visitors. The barbecue dinner was served at noon on long tables set in the yard adjoining the factory. The Royal Marine Band of Los Angeles furnished music during the afternoon. Every courtesy was extended the visitors by Manager Driffill and Supt. S. L. of the plant. After the dinner Robert Oxnard of San Francisco, vice-president of the American Beet Sugar Company, delivered an address of welcome. He said in part:

“I want to call your attention to the importance of sugar beet growing to the agricultural sections. If the agricultural Edison were to announce to the world that he had made a discovery that would make two blades of grass grow where one grew before, the world would rise to do him homage, and yet that is the miracle performed by the humble vegetable sugar beet. In 1870, when Germany began to develop as a sugar-producing country on a large scale, the yield of the beet was seventeen bushels to the acre, while the yield in our own country was about the same. Today Germany produces thirty-four bushels to the acre while the United States has retrograded to an average of thirteen bushels. An exception must be made to this decreasing tendency in our country in the sections where beet factories have been located. In the course of an investigation by the United States Congress a few years ago, evidence was produced from hundreds of farmers scattered all over the country, testifying to the fact that since beet growing had been introduced on their farms their yields of other products had increased on an average of from 40 to 50 per cent.

CITY IS BORN IN A BLAZE OF GLORY.

SEAL BEACH HAS ROYAL TIME AFTER VOTING ITSELF A NEW TITLE.

LOCAL CORRESPONDENCE. LONG BEACH, Oct. 19.—In a blaze of light, with dancing and feasting, the new city of Seal Beach was born this evening. Citizens of the municipality joined the hundreds of outsiders in making merry after the votes showed that the sentiment in favor of incorporation was almost unanimous.

Following are the first Seal Beach city officials: Trustees, Judge John C. Ord, James H. Blagoe, Harry B. Magee, Herman J. Eichorn, C. A. Little, City Clerk, Arthur L. Havens; City Treasurer, Alletius H. Snow. The incorporation was carried by a vote of 84 to 14. Judge Ord received the largest number of votes, 98. Little, 79; Blagoe, 74; Magee, 71; Eichorn, 51; Snow, 50; Havens, 45; Russell, 20; Richards, 18; Reader, 18; Patterson, 18; Stevens, 18; Herbert, 19. There were 112 votes cast. Judge Ord is slated to be the first Mayor of Seal Beach.

Even before the last vote was in the citizens began the preparation of a big barbecue and dinner, each item of the menu being a product of Seal Beach. After the dinner there was a short programme, conducted by J. H. May. Judge Ord spoke on the past; R. Z. Adams on the present; and Robert H. Armstrong on the future of Seal Beach. Then there were fireworks, bonfires and dancing.

PREPAREDNESS IS CLARK'S THEME.

ALSO URGES REHABILITATION OF THE MERCHANT MARINE OF THE NATION.

LOCAL CORRESPONDENCE.

LONG BEACH, Oct. 19.—Cham Clark in a speech here tonight advocated the re-establishment of the merchant marine and preparedness as a means of preventing war. He said that \$300,000,000 annually paid foreigners for carrying our products across the sea should be paid American vessels and American labor.

“Every patriotic man is with President Wilson in this project,” he said. An army could be raised in every Congressional district in the event of war, he declared. He favored putting into the trenches in Europe both the people who want to drag the United States into war and those who would not fight for any reason. He predicted this country will hold first place among nations after the war.

Mr. Clark arrived here at 8 p.m., and was received by local Democrats in the lobby of Hotel Virginia. He will be taken on an auto ride about the city tomorrow morning.

FUN IN PROSPECT.

Six Events, Largely Musical, Announced for Entertainment Course at Claremont this Winter.

LOCAL CORRESPONDENCE.

CLAREMONT, Oct. 19.—Six events have been announced for the Claremont music and lecture course this winter, all but one of them largely musical in character. As this course has now become a popular institution, an attendance even better than that of last year is predicted.

The first event, scheduled for November 27, is a musical programme by the Riheldder-Skibinsky Company. Closely following this are to come a concert by the Ellis Club, December 4, and a programme by the Oxford company, singers and entertainers, December 8. February 17, Frederick Ward is to lecture and February 21, the series will end with a concert by the Maurer Sisters' Orchestra.

HUNDREDS OF NICKELS.

Jimmy Driver Pays Fine with Flood of Small Coins—Admits “Hitting It Up.”

LOCAL CORRESPONDENCE.

SANTA MONICA, Oct. 19.—“There it is,” said E. S. Dalton, a Jimmy driver of Sawtelle, as he dumped 300 nickels before Justice Crawford, who had fined him \$15 for speeding. Mr. Dalton was arrested Monday. He told the court that he did “hit her up” a bit for a passenger who wished to catch an interurban car. “You had better take a deposit of \$50 from your fare next time,” said Justice Crawford. “For that is the amount of the second fine.” The driver asked until today to pay his fine.

Sketch of one of the buildings in Los Angeles, which and Pasadena, years ago this corner was altered entirely out of the business district.

During the past ten years, the insurance and company has developed a business of moderate size, the largest and most modern building institution in Southern California. This growth is the result of an unswerving policy of progressive, efficient service in every department.
